Notices from the Pennsylvania Bulletin:

Volume 52 and 53 Number 7 and 8 Saturday, February 18-25, 2023

Washington County Notices

PLAN APPROVALS

63-00995: W.G. Tomko Inc., 2559 PA-88, Finleyville, PA 15332, Union Township, Washington County. Application received: April 6, 2022.

For the post-construction permitting of a surface coating booth, an abrasive blasting booth, a glue station, twelve (12) welding stations, a plasma and torch cutting source, parts washers and two (2) waste oil heaters. The Finleyville facility performs HVAC component assembly and oil and gas industry component manufacturing. This facility is in Union Township, Washington County.

Pursuant to 25 Pa. Code §§ 127.44(b) and 127.424(b), the Pennsylvania Department of Environmental Protection (DEP) intends to issue Plan Approval 63-00995A to WG Tomko Inc., for the post-construction permitting of a surface coating booth, an abrasive blasting booth, a glue station, twelve (12) welding stations, a plasma and torch cutting source, parts washers and two (2) waste oil heaters, for the facility located in Union Township, Washington County. The Plan Approval will subsequently be incorporated into a facility State Only Operating Permit through an administrative amendment in accordance with 25 Pa. Code § 127.450.

Plan Approval No. 63-00995A is for the post-construction permitting of a surface coating booth, an abrasive blasting booth, a glue station, twelve (12) welding stations, a plasma and

torch cutting source, parts washers and two (2) waste oil heaters. Based on the information provided by the applicant and DEP's own analysis, the subject sources will have the potential to emit approximately 6.3 tons per year (tpy) of volatile organic compounds (VOC), 2.1 tpy of nitrogen oxides (NO_x), 2.5 tpy of hazardous air pollutants (HAPs), 0.003 tpy of sulfur oxides (SO_x) and 3.8 tons per year of particulate matter (PM).

The Plan Approval will contain emission limits, and testing, monitoring, recordkeeping, reporting, work practice and additional requirements designed to keep the facility operating within all applicable air quality requirements.

All pertinent documents are available for public review between 8 a.m. and 4 p.m. at the Pennsylvania Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Appointments for scheduling a review may be made by calling the Department at 412-442-4284.

Any person may submit comments or objections to the plan approval or a proposed condition thereof by filing a written protest with the Department at the Southwest Regional Office.

A 30-day comment period, from the date of this publication, will exist for the submission of comments, protests, and additional information. In accordance with 25 Pa. Code § 127.46, a protest to a proposed action shall be filed with the Department within 30 days of the date that notice of the proposed action was published under 25 Pa. Code § 127.44 (relating to public notice). Submittal of comments, a written protest, or additional information shall include the name, address and telephone number of the person filing the protest, comments, or additional information, identification of the proposed plan approval issuance being proposed (Plan Approval 63-00995A) and a concise statement of the objections or comments on the plan approval issuance and the relevant facts upon which the objections or comments are based.

Persons wishing to file a written protest, provide comments or additional information which they believe should be considered prior to the issuance of the plan approval or request a public hearing, may submit the information to Mark Gorog, Environmental Program Manager, Pennsylvania Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Phone (412) 442-4000.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons who have properly filed a protest under 25 Pa. Code § 127.46 may appear and give testimony. The applicant, the protestant and other participants will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient.

Greene County Notices

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

CNX GH5 Well Pad, Primary Facility ID # 863075, 394 Lightner Road, Sycamore, PA 15364, Center Township, Greene County. Penn Environmental & Remediation, 111 Ryan Court, Pittsburgh, PA 15205 on behalf of CNX Gas Company, LLC, 1000 Horizon Vue Energy Drive, Canonsburg, PA 15317, submitted a Final Report concerning remediation of soil contaminated with aluminum, barium, boron, iron, lithium, manganese, selenium, strontium, vanadium, and zinc. The Final Report demonstrated attainment of the Statewide health and background standards. Approved: February 9, 2023.

OPERATING PERMITS

30-00816, Perennial Energy CMM Pennsylvania, LLC, 1375 County Road 8690, West Plains, MO 65775, Wayne Township, Greene County. Application received: December 8, 2022. In accordance with 25 Pa. Code §§ 127.424 and 127.425, the Department of Environmental Protection (DEP) has received an application and is providing notice that it intends to issue an initial Natural Minor State-Only Operating Permit to Perennial Energy CMM Pennsylvania, LLC's mine methane flaring site located off of Phillips Ridge Road in Hanover Township, Washington County. The coordinates of this facility are 39.795526, -80.245867. Air contamination sources at the facility consist of one (1) Perennial 18.8 MMBtu/hr enclosed flare. The facility-wide potential-to-emit is 6.59 TPY NO_x, 19.52 TPY CO, 0.59 TPY VOC, 0.02 TPY total HAP, 0.02 TPY of any single HAP, 0.62 TPY PM/PM-10, and 10,424 TPY CO_{2e}. The proposed air quality operating permit includes emission limitations, monitoring requirements, work practice standards, reporting, and recordkeeping requirements for the site. Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Natural Minor State-Only Operating Permit may submit the information to Tom Joseph, Facilities Permit Chief, Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (30-00816) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit. A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Tom Joseph, Facilities Permit Chief, at the previously listed address. All comments must be received prior to the close of business 30 days after the date of this publication. The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at <https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx>.

30-00106, Equitrans, LP, 2200 Energy Drive, Canonsburg, PA 15317, Franklin Township, Greene County. Application received: July 21, 2022. In accordance with 25 Pa. Code §§ 127.424, 127.425 and 127.521, the Department is providing notice that it intends to issue a renewal Synthetic Minor Operating Permit for operation of the Waynesburg Compressor Station located in Franklin Township, Greene County. Equipment covered by this operating permit includes two (2) Cooper Bessemer Model GMVH-8C, natural gas-fired compressor engines rated at 1,800 Bhp; one (1) Cummins Model KTA19G, natural gas-fired compressor engine rated at 530 Bhp; one (1) triethylene glycol (TEG) dehydrator rated at 10.3 MMscf/day controlled by a natural gas-fired enclosed combustor rated at 2.0 MMBtu/hr; one (1) natural gas-fired reboiler rated at 0.30 MMBtu/hr; eight

(8) storage tanks including the following: one (1) 2,500-gallon monoethylene glycol tank, one (1) 1,000-gallon triethylene glycol tank, one (1) 530-gallon triethylene glycol tank, one (1) 2,500-gallon oil tank; one (1) 250-gallon oil tank, one (1) 2,500-gallon used oil tank, one (1) 8,000-gallon produced fluids tank, and one (1) 2,500-gallon produced fluids tank; fugitive emissions from venting/blowdowns; fugitive emissions from component leaks; and miscellaneous small, natural gas-fired heating boilers and hot water heaters with a total heat input rating of 1.80 MMBtu/hr. Potential emissions for the facility including emission restrictions have been calculated as follows: 41.86 tons per year of carbon monoxide (CO), 72.31 tons per year of nitrogen oxides (NO_x), 4.37 tons per year of particulate matter less than 10-microns (PM₁₀), 4.37 tons per year of particulate matter less than 2.5-microns (PM_{2.5}), 0.06 ton per year of sulfur oxides (SO₂), 49.90 tons per year of volatile organic compounds (VOC), 4.91 tons per year of formaldehyde, 8.10 tons per year of total Hazardous Air Pollutants (HAPs), and 13,278 tons per year of greenhouse gases (CO_{2e}). The facility is subject to the applicable requirements of 25 Pa. Code Article III, Chapters 121—145. The proposed operating permit includes emission limitations, monitoring, work practice standards, reporting, and recordkeeping requirements for the facility. The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at

<https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx> Any person may submit comments, a request for the Department to hold a public hearing, or a protest to the proposed operating permit or a condition thereof by submitting the information to Nick Waryanka, P.E., Air Quality Engineer, at the Southwest Regional Office. A 30-day comment period from the date of publication of this notice will exist for the submission of comments. Each written comment must contain the following information: 1. The name, address and telephone number of the person submitting the comments. 2. Identification of the proposed permit (specify Operating Permit 30-00106). 3. Concise statements regarding the relevancy of the information in the proposed permit or objections to issuance of the permit. A public hearing may be held in accordance with 25 Pa. Code § 127.429, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. If a public hearing is held, all persons who have properly filed a protest under 25 Pa. Code § 127.426 may appear and give testimony. The applicant, the protestant, and other participants will be notified of the decision to hold a hearing (and the time, place and purpose of such hearing) by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient.

04-00252, Alex E. Paris Contracting Company, Inc., 1595 Smith Township State Road, Atlasburg, PA 15004, Hanover Township, **Beaver County**. Application received: January 12, 2023. In accordance with 25 Pa. Code §§ 127.424 and 127.425, the Department of Environmental Protection (DEP) has received an application and is providing notice that it intends to issue a Natural Minor State-Only Operating Permit renewal to Alex E. Paris Contracting Company, Inc.'s flyash disposal site located off of Clinton-Frankfort Road in Hanover Township, Washington County. The coordinates of this facility are 40.479167, -80.430278 (40° 28' 45.0" N, 80° 25' 49.0" W). Emission activities at the site include paved and unpaved roadways, stockpiling, unloading material, and associated earth moving equipment. The facility-wide potential-to-emit is 0.71 TPY total PM, 0.23 TPY PM-10, and negligible emissions for all other criteria pollutants. The proposed air quality operating permit includes emission limitations, monitoring requirements, work practice standards, reporting, and recordkeeping requirements for the site. Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Natural Minor State-Only Operating Permit may submit the information to Tom Joseph, Facilities Permit Chief, Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating

Permit (04-00252) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit. A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Tom Joseph, Facilities Permit Chief, at the previously listed address. All comments must be received prior to the close of business 30 days after the date of this publication. The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at <https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx>.

COAL & NONCOAL MINING ACTIVITY APPLICATIONS

Mining Permit No. 30841316. NPDES No. PA0213535. Consol Pennsylvania Coal Company LLC, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, Richhill and Aleppo Townships, Greene County. To revise the permit and related NPDES permit for development mining only, affecting the proposed 238.17 underground acres and 238.17 subsidence control plan acres. Application received: December 20, 2022. Accepted: January 31, 2023.

Mining Permit No. 30120601. NPDES No. PA0252263. Fayette Coal & Coke, Inc., 195 Enterprise Dr, Connellsville, PA 15425, Monongahela Township, **Greene County.** Renewal of an NPDES permit associated with a large noncoal surface mine, affecting 52.5 acres. Receiving streams: Unnamed tributaries to Little Whiteley Creek, Goose Run and Little Whiteley Creek; classified for the following use: WWF. Application received: February 2, 2023.

Notices from The Observer-Reporter:

03.02

Pursuant to the PENNSYLVANIA CLEAN STREAMS LAW, the PENNSYLVANIA DEPARTMENT OF ENVIRONMENTAL PROTECTION RULES and REGULATIONS, the SURFACE MINING CONSERVATION and RECLAMATION ACT and the BITUMINOUS MINE SUBSIDENCE AND LAND CONSERVATION ACT as amended, notice is hereby given that Cumberland Contura, LLC, Cumberland Mine, doing business at P.O. Box 1020, 855 Kirby Road, Waynesburg, Pennsylvania 15370, has made application to the Pennsylvania Department of Environmental Protection to install twenty-one (21) additional gob ventilation boreholes with a total surface area of 14.17 acres for Cumberland Mine coal mining activity Permit No. 30831303 and related NPDES Permit No. PA0013511.

The proposed boreholes are located in Center and Jackson Townships, Greene County at: Borehole 76-1 at 39 51' 5.914" N, 80 18' 59.185" W, Borehole 76-2 at 39 50' 56.035" N, 80 19' 3.991" W, Borehole 76-3 at 39 50' 54.890" N, 80 18' 53.925" W, Borehole 76-4 at 39 51' 3.690" N, 80 18' 49.030" W, Borehole 76-5 at 39 50' 52.726" N, 80 18' 42.093" W, Borehole 76-6 at 39 50' 46.774" N, 80 18' 14.965" W, Borehole 76-7 at 39 50' 50.782" N, 80 17' 46.692" W, Borehole 76-8 at 39 50' 40.820" N, 80 17' 47.838" W, Borehole 76-9 at 39 50' 34.305" N, 80 17' 16.765" W, Borehole 76-10 at 39 50' 38.067" N, 80 16' 50.201" W, Borehole 76-11 at 39 50' 28.906" N, 80 16' 53.588" W, Borehole 77-1 at 39 51' 22.620" N, 80 18' 50.562" W, Borehole 77-2 at 39 51' 13.393" N, 80 18' 53.651" W, Borehole 77-4 at 39 51' 19.093" N, 80 18' 32.356" W, Borehole 77-5 at 39 51' 9.307" N, 80 18' 32.899" W, Borehole 77-6 at 39 51' 5.09" N, 80 18' 10.346" W, Borehole 77-7 at 39 51' 7.185" N, 80 17' 38.095" W, Borehole 77-8 at 39 50' 58.023" N, 80 17' 41.481" W, Borehole 77-9 at 39 50' 52.066" N, 80 17' 14.354" W, Borehole 77-10 at 39 50' 55.270" N, 80 16' 43.840" W, and Borehole 77-11 at 39 50' 47.747" N, 80 16' 53.287" W.

The proposed permit revision area extends to approximately 39 51' 36.509" N, 80 18' 17.197" W to the North, 39 50' 34.891" N, 80 16' 37.471" W to the East, 39 50' 33.347" N, 80 18' 25.681" W to the South, and 39 51' 20.371" N, 80 19' 4.561" W to the West.

A stream variance is requested for Borehole 76-2 to conduct construction activities within 100 feet of an Unnamed Tributary to Garner Run (40643). The variance is located on 40645 approximately 0.39 miles north of the intersection of Golden Oaks Road (SR 0018) and Grinnage Run Road (T469). The variance length proposed is approximately 61 feet.

A stream variance is requested for Borehole 76-9 to conduct construction activities within 100 feet of an Unnamed Tributary to Hargus Creek (40627). The variance is located on 40661 approximately 0.53 miles northeast of the intersection of Hargus Creek Road (SR 3011) and Cole Hollow Road (T471). The variance length proposed is approximately 20 feet.

A road variance has been approved by PennDOT for Borehole 76-9 where construction activities are proposed to take place within 100 feet of the outside right-of-way of Hargus Creek Road. The variance is located on the east side of Hargus Creek Road (SR 3011) approximately 0.31 miles northeast of the intersection of Hargus Creek Road (SR 3011) and Cole Hollow Road (T471). The variance length associated with Borehole 76-9 is approximately 1040 feet.

A Township Road Occupancy Permit has been approved by Center Township for the construction activities associated with GVB 76-6 within 100' of Cole Hollow Road (T471).

A Township Road Occupancy Permit has been approved by Center Township for the construction activities associated with GVB 77-6 within 100 of Center Highlands Road (T434).

The proposed project area can be found on the Location Map consisting of the U.S.G.S. 7.5 minute series topographic quad map for Holbrook, Pa.

A copy of the application is available for public inspection, and copying for a fee, by appointment at the Department of Environmental Protection, California District Mining Office. Written comments, objections, or a request for an informal conference may be submitted to the Department of Environmental Protection, California District Mining Operations, 25 Technology Drive, California Technology Park, Coal Center, PA 15423 no later than thirty (30) days following the final publication date of this notice.
3-2, 9, 16, 23

03.02

Pursuant to the PENNSYLVANIA CLEAN STREAMS LAW, the PENNSYLVANIA DEPARTMENT OF ENVIRONMENTAL PROTECTION Rules and Regulations, the SURFACE MINING CONSERVATION and RECLAMATION ACT, and the BITUMINOUS MINE SUBSIDENCE AND LAND CONSERVATION ACT as amended, notice is hereby given that Iron Emerald, LLC doing business at 855 Kirby Road, Waynesburg, Pennsylvania 15370, has made application to the Pennsylvania Department of Environmental Protection to revise the post-mining land use designation and related NPDES permit for the Emerald Mine No. 1 (Permit No. 30841307) No. 9 Shaft Site, which encompasses approximately 18.2 acres in Franklin Township, Greene County, Pennsylvania.

The Emerald No. 9 Shaft Site is located along the northern side of State Route 188, approximately 880 feet northwest of the overpass of Interstate 79 and State Route 188. The site can be located on the Waynesburg U.S.G.S. 7-1/2 minute series topographic map at approximate 80 09 10.25 Longitude and 39 54 16.05 Latitude.

The proposed post-mining land use will be commercial/industrial. The pre-mining land use was land occasionally cut for hay and the area was zoned commercial. The Emerald No. 9 Shaft Site and associated access road are located on a portion of Land Parcel 07-01-139 owned by Iron PA Land, LLC. The surface property owner has requested a variance to allow the No. 9 Shaft Site s access road, the

shaft pad area, substation, and two fan motor house buildings to remain in place following completion of reclamation activities. The site will be used as a self-service storage facility.

A copy of the application is available for public inspection, and copying for a fee, by appointment at the PADEP, California District Office, 25 Technology Drive, California Technology Park, Coal Center, PA 15423, (724) 769-1100. Written comments, objections, or a request for an informal conference may be submitted to the PADEP no later than thirty (30) days following the final publication date of this notice.

Permit

PUBLIC NOTICE

PERMIT RENEWAL

Pursuant to the "Noncoal Surface Mining Conservation and Reclamation Act" and the "Clean Streams Law" notice is hereby given that Fayette Coal & Coke, Inc., doing business at 195 Enterprise Lane, Connellsville, PA 15425, has made application to the Pennsylvania Department of Environmental Protection (DEP) to renew the existing NPDES Permit No. PA 0252263, that is associated with the Kovach LNC Site (SMP 30120601). The site is located in Monongahela Township, Greene County. The current permit area is 52.5 acres, and is located on the southern side of SR-2024, approximately 1 mile west of Paisley, PA. The receiving streams for the permit area are unnamed tributaries to Little Whiteley Creek (WWF) and Little Whiteley Creek (WWF). The Masontown, PA U.S. Geological Survey 7.5-minute topographic map contains the area described. A copy of this application is available for public inspection at the Greene County Conservation District, 22 W High Street, Ste 204, Waynesburg, PA 15370. Written comments, objections, or requests for public hearing or informal conference may be submitted to the DEP, New Stanton District Office, 131 Broadview Road, New Stanton, PA 15672, within thirty days from the date of the final (4th) publication of this notice and must include the person's name, address, telephone number, and a brief statement as to the nature of the comment(s).

02.24

PUBLIC NOTICE

Pursuant to the Surface Mining Conservation and Reclamation Act, the Coal Refuse Disposal Control Act, Bituminous Mine Subsidence and Land Conservation Act, the Pennsylvania Department of Environmental Protection Rules and Regulations and Clean Streams Law* notice hereby is given that Patriot Mining Company LLC, 100 Tygart Drive, Grafton, West Virginia 26354 has made application to the Pennsylvania Department of Environmental Protection for renewing its existing surface coal mine permit and the related NPDES Permit. The current permit 30030101 was issued on September 8, 2003 and will expire on September 7, 2023. The current NPDES Permit PA0250376 was issued on September 8, 2003 and will expire on September 7, 2023. This renewal does not contain revisions to the existing operation. The receiving stream for the permit area is Unnamed

Tributary of Whiteley Creek and Whiteley Creek. The operation is located in Greene Township, Greene County and is known as the Keener Surface Mine. The permit is situated on the Jan S. Cox property. The Masontown, Pa., U.S. Geological Survey 7.5 minute topographic map contains the area described. A copy of the application is available for public inspection at the Greene County Conversation District Office, Ben Franklin Building, 22 West High Street, Waynesburg, PA 15370.

Written comments, objections, or a request for public hearing or informal conference may be submitted to the Department of Environmental Protection, New Stanton District Office, Post Office Box 133, New Stanton, PA 15672 by 30 days following the date of the last (i.e. 4th) publication of this notice and must include the persons name, address, telephone number, and a brief statement as to the nature of the objection(s).
