Washington County Notices

COAL & NONCOAL MINING ACTIVITY APPLICATIONS

Mining Permit No. 63120103. Amerikohl Mining, Inc., 1384 State Route 711, Stahlstown, PA 15687, Nottingham Township, **Washington County**. Renewal application received for reclamation only to an existing bituminous surface mine, affecting 125.1 acres. Receiving streams: unnamed tributaries to Mingo Creek and Mingo Creek; classified for the following use: HQ-TSF. Application received: December 26, 2023.

REGISTRATION FOR RESIDUAL WASTE GENERAL PERMITS

WMGR163SW001. Range Resources-Appalachia, LLC, 3000 Town Center Boulevard, Canonsburg, PA 15317, Mount Pleasant Township, **Washington County**. At the request of the Permittee, General Permit No. WMGR163SW001, issued on February 23, 2023 for the short-term processing, transfer and beneficial use of oil and gas liquid waste at the Yonker George Well Site Reuse Water Storage Facility is revoked. The facility was never constructed nor operated; therefore, the Department is releasing \$238,376 in financial assurance associated with the revoked permit. Application received: November 9, 2023. Revoked: January 4, 2024.

AIR QUALITY

GP5A-30-00244B/AG5A-30-00004B: CNX Gas Company, LLC, 1000 Consol Energy Drive, Canonsburg, PA 15317, Morris Township, Greene County. On January 3, 2024, for authorization to operate: Ten (10) Marcellus natural gas wells; eight (8) gas processing units (GPU) each rated at 1.00 MMBtu/hr; four (4) produced water tanks each with 400-bbl capacity; three (3) 330-gallon methanol tanks, eight (8) sand separator tanks, Truck load-out operations; Associated fugitives; and Associated piping equipment pursuant to the General Plan Approval and/or General Operating Permit for Natural Gas Compression and/or Processing Facilities (BAQ-GPA/GP-5A) at the MOR-10 Well Pad located in Morris Township, Greene County. Application received: December 7, 2023. Authorized: January 3, 2024.

GP5A-30-00243B/AG5A-30-00001B: CNX Gas Company, LLC, 1000 Consol Energy Drive, Canonsburg, PA 15317, Richhill Township, Greene County. Issued authorization on January 4, 2024, for the continued operation of their existing and modified sources which include: Eight (8) gas wells, five (5) sand separator vessels, five (5) GPUs, three (3) 400-bbl storage tanks, three (3) 330-gallon methanol tanks, truck loadout, one (1) 1.56 MMBtu/hr VDU, two (2) pig receivers and two (2) pig

launchers at their RHL-11 Well Site located in Richhill Township, Greene County. Application received: December 13, 2023. Authorized: January 4, 2024.

PA-30-00072N: Consol Pennsylvania Coal Company, LLC, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, Richhill Township, Greene County. For plan approval extension to authorize continued temporary operation of sources and controls associated with the Omnis material handling operations and minor modification to remove the condition requiring trucks to be tarped on-site and a notice of tarping requirements to be clearly posted. Application received: November 13, 2023. Effective: December 28, 2023.

M-30-00072A: Consol Pennsylvania Coal Company, LLC, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, Richhill Township, **Greene County**. For conditioned de minimis emissions increase pursuant to 25 Pa. Code § 127.449 not to exceed 0.85 ton of NO_x, 0.90 ton of CO, 0.25 ton of SO₂, 0.20 ton of PM₁₀, and 0.85 ton of VOC (including approximately 0.004 ton of Clean Air Act Section 112 HAPs) resulting from the installation and operation of one (1) Anaconda FTR150 powered feeder (which includes one additional material transfer point) rated at 700 tons per hour (tph) powered by one (1) JCB Power Systems TC-63 compression ignition (diesel) engine rated at 63kW (84.5-bhp) at the Bailey Prep Plant. One prior de minimis emissions increase occurred at the facility during the term of its Title V Operating Permit (TV-30-00072) resulting from installation and operation of additional coal refuse conveyors (939—941), an additional coal refuse storage bin (941-Bin), and a physical change to an existing refuse conveyor (902).

PUBLIC NOTICE

Precision Marshall Steel is providing notice that around January 23, 2024 a National Discharge Elimination System (NPDES) Permit Application will be submitted to the Pennsylvania Department of Environmental Protection (PADEP). The application is a new application for the discharge of industrial stormwater at the Precision Marshall Steel facility located at 99 Berry Road, South Strabane Township, Washington County, Pennsylvania. This application is made under the provisions of the Clean Streams Law, the Act of June 22, 1937, P.L. 1987, as amended. The application will be available for and copying at the PADEP Southwest Regional Office (SWRO), 400 Waterfront Drive, Pittsburgh, PA 15222 between the hours of 8 a.m. and 4 p.m. Arrangements for reviewing the application can be made by telephoning the PADEP SWRO at (412) 442-4000. Fees for copying may be charged by the PADEP.

Copies of the application will also be submitted to South Strabane Township and Washington County Commissioners. Persons who wish to comment on this application should contact PADEP at the address noted.

Bailey Mine

PUBLIC NOTICE

Pursuant to the Pennsylvania Clean Streams Law, the Pennsylvania Department of Environmental Protection Rules and Regulations, the Surface Mining Conservation and Reclamation Act, and the Bituminous Mine Subsidence and Land Conservation Act as amended, notice is hereby given that Consol Pennsylvania Coal Company LLC, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, has submitted an application to the Pennsylvania Department of Environmental Protection to revise Coal Mining Activity Permit No. 30841316 and related NPDES permit for the Bailey Mine.

The proposed revision adds approximately 9.4 acres of surface permit area for the installation of the 12L-3, 12L-4, & 12L-5 Degas Boreholes. The facilities will be located in Aleppo Township, Greene County, Pennsylvania and are located on the New Freeport, PA U.S. Geological Survey 7.5 minute topographic map. The permit area begins off Blacks Creek Road (T-356) approximately 0.2 miles northwest of its intersection with Higbee Road (T-447). It extends 1250 feet northeast and then splits. One portion extends 1470 feet southeast, varying in width between 80 and 240 feet for the 12L-3 Borehole. The other portion extends 425 feet northwest, varying in width between 250 and 400 feet for the

12L-4 Borehole. The 12L-5 Borehole permit boundary is located along the southwest side of Blacks Creek Road, beginning approximately 310 feet south from its intersection with SR 3018 (Behm Road). It continues along the road for 310 feet to the southeast and varies in width between 50 and 150 feet. The proposed permit revision includes construction of three degas boreholes, access roads, soil stockpiles, and erosion and sedimentation control facilities.

The application includes a request for variance to encroach within 100 feet of the right-of-way of Blacks Creek Road (T-356) at two locations. The first begins 0.2 miles northwest of its intersection with Higbee Road (T-447) and continues 210 feet to the northwest, and the second begins 310 feet south of its intersection with SR 3018 (Behm Road) and continues 310 feet to the southeast. The road variances are required for site access and erosion and sedimentation controls for the 12L-3 and 12L-4 borehole facilities and access, the borehole pad, borehole installation, and erosion and sedimentation controls for the 12L-5 borehole.

Stream variance requests are proposed for work within 100 feet of two streams: Blacks Creek (32568) beginning 370 feet south and 175 feet west of the intersection of Blacks Creek Road (T-356) and SR 3018 (Behm Road) and continuing upstream 360 feet southeast; and a 70-foot section of variance for UNT 32568I to Blacks Creek at its culvert under Blacks Creek Road (T-356) located approximately 0.2 miles northwest of the intersection with Higbee Road (T-447) and continuing upstream in a northeasterly direction. The stream variances are required for site access, borehole pad construction, and erosion and sediment control facility installation.

Copies of the application are available for public inspection, and copying for a fee, by appointment at the Pennsylvania Department of Environmental Protection, California District Mining Office, 25 Technology Drive, California Technology Park, Coal Center, PA 15423 (telephone number: 724-769-1100).

Written comments, objections, or a request for an informal conference may be submitted to the Department of Environmental Protection, District Mining Operations, at the above address, no later than thirty (30) days following the final publication date of this notice.

Notice Text

Maggie Lynn Limestone Quarry

NOTICE

Pursuant to the "Noncoal Surface Mining Conservation and Reclamation Act" and the "Clean Streams Law" notice is hereby given that Neiswonger Construction, Inc., 17592 Route 322, Strattanville, PA 16258 has made application to the Pennsylvania Department of

Environmental Protection (DEP) for a permit to conduct noncoal underground and surface mining activities in Deemston Borough, Washington County. The operation proposed would encompass and replace the applicant's existing surface mine permit. The application includes a request for authorization to discharge under an individual NPDES permit and to conduct blasting activities.

The proposed 359.1 acre Maggie Lynn Underground Mine is located on both sides of SR 2041 (Morey Road) beginning at its intersection with Pump Station Road and extending northward approximately 3,000 feet, on the north side of Pump Station Road beginning at its intersection with SR 2041 and extending toward the southwest approximately 3,000 feet, and on the east side of Tenmile Creek beginning at the Tenmile Creek bridge on Pump Station Road and extending toward the north approximately 4,200 feet as shown on the Ellsworth, PA and the Mather, PA 7.5 minute USGS topographic maps on the properties of John Kosky Contracting Inc. and Clyde Holding, Inc. Within the 359.1-acre permit boundary, surface activities are proposed to be conducted on 110.1 acres, with underground noncoal mining of 256.6 acres. The receiving streams for this proposed permit area are Tenmile Creek (TSF), and unnamed tributaries to Tenmile Creek.

Consistent with previous surface mining at this site, mining activities are proposed with 100 feet of the following stream sections: 1- Tenmile Creek beginning approximately 2,360 feet upstream from the Pump Station Road Bridge on the east side of the stream and extending upstream approximately 1,660 feet. 2- Unnamed tributary D to Tenmile Creek located approximately 540 feet due west of Morey Road, extending approximately 150' long for placement of fill and a haul road stream crossing. 3- Unnamed tributary E South Branch to Tenmile Creek beginning approximately 700 upstream from its confluence with Unnamed Tributary E and extends upstream approximately 370 feet for the construction and maintenance of a haul road. 4- Unnamed tributary E to Tenmile Creek beginning approximately 1,860 upstream from its confluence with Tenmile Creek and extends upstream approximately 400 feet for placement of fill and a haul road stream crossing. 5- Unnamed tributary E to Tenmile Creek beginning approximately 1,400 feet upstream from the stream's confluence with Tenmile Creek and extends upstream approximately 400 feet for the purpose of relocating and reconstruction of the stream.

A copy of the application is available for public inspection at the Washington County Conservation District Office, 50 Old Hickory Ridge Road, Suite 1, Washington, PA 15301. Written comments, objections or requests for an informal conference or public hearing may be submitted to the Department of Environmental Protection, New Stanton District Mining Office, 131 Broadview Road, New Stanton, PA 15672 within thirty (30) days from the date of the final (4th) publication of this notice and must include the person's name, address, telephone number and a brief statement as to the nature of the objection(s).

Notice Text

Obringer Mine

NOTICE

Pursuant to the Surface Mining Conservation and Reclamation Act and the Clean Streams Law notice is hereby given that Neiswonger Construction, Inc., 17592 Route 322, Strattanville, PA 16258, has made application to the PA Department of Environmental Protection to renew existing Surface Mining Permit #63080102 and associated NPDES permit PA0251429. These permits were originally issued on January 30, 2009 and will expire on January 24, 2024. This renewal is for reclamation only and the continued treatment of a polluttional discharge and does not contain revisions to the existing operation.

The 187.8-acre Obringer Mine is located on both sides of SR 2019 (Vanceville Road) between its intersection with Horseshoe Drive to the northwest and its intersection with T-782 (Somerset Road) to the southeast as shown on the Hackett, PA 7.5 minute USGS topographic map on the properties of Wilbert J. & Beverly Obringer, Thomas P. & Ruth K. Clancy & Peggy Stenglein, Kathryn A. Duffill, and other small tracts. The receiving stream for this permit area is Center Branch Pigeon Creek.

A copy of the application is available for public inspection at the Washington County Conservation District Office, 50 Old Hickory Ridge Road, Washington, PA 15301. Written comments, objections, or a request for an informal conference may be submitted to the Department of Environmental Protection, New Stanton District Mining Office, P.O. Box 133, New Stanton, PA 15672 within 30 days from the date of the final (4th) publication of this notice and must include the persons name, address, telephone number and a brief statement as to the nature of the objection(s)
