The UV disinfection contact surface must be cleaned at least monthly to ensure adequate disinfection. The AMR must include the date(s) that the UV contact surface is cleaned.

You may make an appointment to review the DEP files on this case by calling the File Review Coordinator at 412-442-4000.

The EPA Waiver is in effect.

- Applicant: **Dustin Bradick**

Applicant Address: 447 Narigon Run Road, Claysville, PA 15323

Application Number: **PAD630074**

Application Type: New

Municipality/County: **Independence Township, Washington County**

Project Site Name: Bradick Estates

Total Earth Disturbance Area (acres): 4.08 acres

Surface Waters Receiving Stormwater Discharges: UNT to Brush Run (HQ-WWF)

Proposed Effluent Limitations: The draft permit requires implementation of an Erosion and Sediment Control (E&S) Plan and a Post-Construction Stormwater Management (PCSM) Plan and compliance with Federal technology-based effluent standards at 40 CFR Part 450.

Rate or Frequency of Discharge: Stormwater discharges during and following earth disturbance activities are precipitation-induced and will vary depending on factors such as the area of impervious surfaces, the size and placement of best management practices (BMPs) and the intensity of precipitation.

Project Description: The construction of a single-family residential home, the planned site will consist of a single-family home, new gravel driveway, and stormwater management facilities.

Special Conditions: This permit does not authorize any obstructions or encroachments to any regulated watercourse or floodway. All permitting required for impacts to regulated watercourses or their floodway are subject to 25 Pa. Code Chapter 105. Appropriate authorization for impacts which require permitting under Chapter 105 must be obtained prior to beginning earth disturbance.

You may review the permit application file by contacting DEP's File Review Coordinator at 412-442-4286.

PLAN APPROVALS

- **PA-63-01078A: Imperial Landfill Gas Company LLC**, 5087 Junction Road, Lockport, NY 14094, **Robinson Township, Washington County**. Application received: March 22, 2024. Notice is hereby given in accordance with 25 Pa. Code § 127.44 that the Department of Environmental Protection (Department) intends to issue Air Quality Plan Approval 63-01078A to allow the installation and operation of one (1) Spark Ignition, 4 Stroke, Natural Gas-Fired, Rich Burn Engine, rated at 840 BHP equipped with a Non-Selective Catalytic Reduction Device and compressor for the transmission of pipeline quality renewable natural gas. The engine will be located at a new facility in Robinson Township, Washington County at Latitude 40°, 26', 54" N and Longitude 80°, 20', 15.9936" W. The proposed project potential to emit will not exceed 1.62 tons per year of nitrogen oxides (NO_x), 2.43 tons per year of carbon monoxide (CO), 0.02 ton per year of particulate matter less than 2.5 microns in diameter (PM_{2.5}), 0 ton per year of sulfur dioxide (SO₂), 31.82 tons per year of volatile organic compounds (VOC), 0.06 ton per year of total hazardous air pollutants (HAPs) and 0.06 ton per year of Hexane, the single highest hazardous air pollutant from the project. This authorization is subject to State Emission Standards. This Plan Approval has been conditioned to ensure compliance with all applicable rules. This includes emission restrictions, operational restrictions, testing, monitoring, recordkeeping, reporting and work practice requirements. Once compliance with the Plan Approval is demonstrated, the applicant will be issued an operating permit for continued operation. The Plan Approval Application, the Department's Air Quality Review Memorandum, the proposed Air Quality Plan Approval, and other relevant information for this project are available for review by any interested party at the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. To request a review of the Plan Approval Application, to receive an electronic copy of the Department's Air Quality Review Memorandum, or to receive an electronic copy of the Department's proposed Air Quality Plan Approval for this project, a person may contact the Department at 412-442-4000. A person may oppose the proposed plan approval by filling a written protest with the Department through Christopher Baker, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222; chrake@pa.gov; or fax 412.442.4096. Each protest or set of written comments must contain the name, address and telephone number of the person submitting the comments,

identification of the proposed Plan Approval (PA-63-01078A), and a concise statement of the objections to the plan approval issuance and the relevant facts upon which the objections are based. All comments must be received prior to the close of 30 business days after the date of this publication. A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notifications is sufficient. Written comments or requests for a public hearing should be directed to Christopher Baker, Air Quality Engineer Trainee, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222 or by email to chrake@pa.gov. All comments must be received prior to the close of 30 business days after the date of this publication.

OPERATING PERMITS

- **63-00641, Regal Industrial Corp**, P.O. Box 291 98 East First St, Donora, PA 15033, **Donora Borough, Washington County**. Application received: July 19, 2023.

In accordance with 25 Pa. Code §§ 127.424 and 127.425, the Department of Environmental Protection (DEP) is providing notice that it intends to issue a renewal Synthetic Minor State Only Operating Permit (SOOP) for operation of the Donora Plant located in Donora Borough, Washington County.

Air contamination sources at the facility include abrasive blasting operations, industrial surface coating of steel products, and plant paved and unpaved roads. The primary pollutants of concern are volatile organic compounds (VOC) and hazardous air pollutants (HAP) from the surface coating operations. To maintain a synthetic minor operating status, facility emissions are restricted to 45.0 tons of VOC, 9.4 tons of single HAP, and 24.0 tons of combined HAP. The renewal of this operating permit does not authorize any increase in air emissions of any regulated pollutants above previously approved levels. The proposed SOOP contains emission restriction, testing, monitoring, recordkeeping, reporting, and work practice standards derived from the applicable requirements of 25 Pa. Code Article III, Chapters 121—145.

The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at:

<https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx>.

To request an electronic copy of the Air Quality Review Memorandum or to receive an electronic copy of the proposed renewal Air Quality Operating Permit for this facility, a person may contact Tom Joseph, P.E., Air Quality Manager, at 412-442-4336.

Any person may submit comments, a request for the DEP to hold a public hearing, or a protest to the proposed operating permit or a condition thereof by submitting the information to Nick Waryanka, P.E., Air Quality Engineer, at the Southwest Regional Office. A 30-day comment period from the date of publication of this notice will exist for the submission of comments. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit (specify Operating Permit 63-00641) and concise statements regarding the relevancy of the information in the proposed permit or objections to issuance of the permit.

A public hearing may be held in accordance with 25 Pa. Code § 127.429, if the DEP, in its discretion, decides that such a hearing is warranted based on the information received. If a public hearing is held, all persons who have properly filed a protest under 25 Pa. Code § 127.426 may appear and give testimony. The applicant, the protestant, and other participants will be notified of the decision to hold a hearing (and the time, place and purpose of such hearing) by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the DEP determines such notification by telephone is sufficient.
