APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS UNDER THE CLEAN STREAMS LAW AND FEDERAL CLEAN WATER ACT

- Applicant: **Canon-McMillan School District**

Applicant Address: 200 Big Mac Boulevard, Canonsburg, PA 15317

Application Number: **PAD630084**

Application Type: New

Municipality/County: North Strabane Township, **Washington County**

Project Site Name: Wylandville Elementary School

Total Earth Disturbance Area (acres): 19.4 acres

Surface Waters Receiving Stormwater Discharges: UNT to Little Chartiers Creek
(HQ-WWF)

Proposed Effluent Limitations: The draft permit requires implementation of an Erosion and Sediment Control (E&S) Plan and a Post-Construction Stormwater Management (PCSM) Plan and compliance with Federal technology-based effluent standards at 40 CFR Part 450.

Rate or Frequency of Discharge: Stormwater discharges during and following earth disturbance activities are precipitation-induced and will vary depending on factors such as the area of impervious surfaces, the size and placement of best management practices (BMPs) and the intensity of precipitation.

Project Description: The project consists of construction of a new elementary school building, associated parking lots, driveways, and stormwater management facilities on the site of the existing Wylandville Elementary School. After the new school is constructed, the existing building will be demolished and converted into a new athletic field. Stormwater will be managed by two proposed underground infiltration systems.

Special Conditions: Earth disturbance may not commence until all authorizations necessary to complete construction have been obtained including, but not limited to Act 537 Sanitary Planning, PennDOT HOP, and Municipal approval.

You may review the permit application file by contacting DEP's File Review Coordinator at 412-442-4286.

PLAN APPROVALS

- **PA-63-00927A: Perryman Company**, 625 Technology Drive, Coal Center, PA 15423, California Borough, **Washington County**. Application received: August 4, 2023.

Notice is hereby given in accordance with 25 Pa. Code §§ 127.44—127.46 that the Pennsylvania Department of Environmental Protection (Department) intends to issue Air Quality Plan Approval: PA-63-00927A for the installation and operation of a titanium melt shop facility that will include one (1) hot-saw, manufactured by Centro-Metalcut, model 7022 equipped with a 15,000 ACFM fabric collector manufactured by United Air Specialists, model SFC40-5, one (1) oxy-acetylene torch used for cutting titanium alloy at the melt shop that is equipped with a 6,500 ACFM fabric collector manufactured by United Air Specialists, model SFC12-3, one (1) spot grinder manufactured by Vulcan engineering—Fox Grinder that is equipped with a 4,000 ACFM fabric collector manufactured by United Air Specialist, model SFC8-2, one (1) shot blaster that uses Amasteel SG-25 steel shot/girt exclusively equipped with a 1,600 ACFM fabric collector manufactured by Donaldson Torit, model 8RD, one (1) oxy-acetylene torch used for cutting titanium alloy at the new melt shop building that is equipped with a 6,000 SCFM fabric collector manufactured by Imperial Systems, model CMAXX CM010, two (2) crossflow cooling towers manufactured by SPX Cooling Technologies, model NC8412WAN rated at 2,182 gallon per minute, one (1) crossflow cooling tower manufactured by SPX Cooling Technologies, model NC8403TAN rated at 1,050 gallons per minute, one (1) induced draft counterflow cooling tower manufactured by

EVAPCO, model USS 19-69 rated at 700 gallons per minute, one (1) crossflow cooling tower manufactured by SPX Cooling Technologies, model NC8409UAN rated at 2,000 gallons per minute, one (1) crossflow cooling tower manufactured by SPX Cooling Technologies, model NC8412WAN rated at 3,000 gallons per minute, four (4) cold parts cleaners, sink on drum type with 30 gallon capacity manufactured by Safety-Kleen, haul roads, one (1) 898 HP diesel emergency engine, manufactured by Mitsubishi, model S6R-Y1PTA-4, one (1) 307 HP diesel emergency engine, manufactured by John Deere, model 6090HF485, one (1) 405 HP diesel emergency engine, manufactured by AB Volvo Penta, model TAD1351GE, one (1) 1,839 HP diesel emergency engine, manufactured by MTU, model 16V2000DS1250, one (1) oxy-acetylene torch used for cutting titanium alloy at the revert processing building that is equipped with a 6,130 ACFM fabric collector manufactured by Pangborn PCO, model PCO 3-12. The new facility will be located at Latitude: 40°, 3', 23" N and Longitude: 79°, 54', 59" W in California Borough, Washington County.

Potential emissions from the sources covered under this plan approval are 13.02 tons per year of particulate matter (PM), 11.52 tons per year of particulate matter less than 10 microns in size (PM₁₀), 10.67 tons per year of particulate matter less than 2.5 microns in size (PM_{2.5}), 3.42 tons per year of nitrogen oxides (NO_x), 0.52 ton per year of carbon monoxide (CO), 0.08 ton per year of sulfur dioxides (SO₂), 1.09 tons per year of volatile organic compounds (VOC), 0.49 ton per year of Chromium, and 0.54 ton per year of all hazardous air pollutants (HAP). This authorization is subject to the Best Available Technology (BAT) requirements of 25 Pa. Code § 127.1. The Department has determined that the proposed project satisfied Department's BAT requirements. This authorization is subject to State regulations including 25 Pa. Code §§ 123.1, 123.2, 123.13, 123.31, 123.41, 123.43, 129.14 and 129.63(a). Sources at the titanium melt shop facility will be subject to Federal regulation 40 CFR Part 60 Subpart III—Standards of Performance for Stationary Compression Ignition Internal Combustion Engines. The Plan Approval has been conditioned to ensure compliance with all applicable rules including visible emission limits, work practice, testing, monitoring, recordkeeping, and reporting conditions. Once compliance with the Plan Approval is demonstrated, the applicant will subsequently submit a revision to the State Only Operating Permit (SOOP), or a new SOOP application, as appropriate, for this facility.

The Plan Approval application, the Department's Air Quality Review Memorandum, and the Proposed Air Quality Plan Approval for this project are available for review by any interested party at the Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222; chrake@pa.gov; or fax 412-442-4194. Each protest or set of written comments must contain the name, address and telephone of the person submitting the comments, identification of the proposed Plan Approval (PA-63-00927A) and a concise statement of the objections to the plan approval and the relevant facts upon which the objections are based. All comments must be received prior to the close of business 30 days

after the date of this publication. For additional information, you may contact Christopher Baker at 412-442-4194.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Mark R. Gorog, P.E., Regional Program Manager, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222 or by email to mgorog@pa.gov. All comments must be received prior to the close of business 30 days after the date of this publication.

OPERATING PERMITS

- **3-00984, FML Terminal Logistics LLC**, 2700 Technology Forest Blvd, Suite 100, The Woodlands, TX 77381, North Strabane Township, **Washington County**. Application received: November 16, 2023. In accordance with 25 Pa. Code §§ 127.424 and 127.425, the Department of Environmental Protection (DEP) has received an application and is providing notice that it intends to issue a renewed natural minor State-Only Operating Permit to FML Terminal Logistics, LLC located in North Strabane Township, Washington County. This operating permit is for the Eighty Four PA Terminal located at 1432 Route 519, Eighty Four, PA. The renewal details changes made at the facility since the previous renewal and processes an administrative amendment for a change in the responsible official. Sources of emissions consist of sand terminal operations, railcar unloading, paved roadways and miscellaneous heaters. Potential emissions from this facility are estimated to be 13.32 tpy PM, 9.02 tpy PM-10, and 7.73 tpy PM-2.5. Those who wish to provide the Department with additional written information that they believe should be considered prior to the renewal of the State-Only Operating Permit may submit the information to Tom Joseph, Facilities Permitting Chief, Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (63-00984) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit. A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Tom Joseph, Facilities Permit Chief, at the previously listed address. All comments must be received within 30 days of this publication. The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive,

Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at <https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx> or by contacting Tom Joseph, Facilities Permitting Chief, directly. Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Lauren Camarda at 412-442-4203 or the Pennsylvania Hamilton Relay Service at 1-800-654-5984 (TDD) to discuss how the Department may accommodate your needs.

AIR QUALITY

- **GP5-63-00993B: Rover Pipeline, LLC**, 6051 Wallace Rd Ext., Suite 300, Wexford, PA 15090, Smith Township, **Washington County**. On February 13, 2025, the Department authorized the construction and operation of emission sources under the General Plan Approval and/or General Operating Permit BAQ-GPA/GP-5 for New or Modified Natural Gas Compression Stations, Processing Plants, and Transmission Stations at the Bulger Compressor Station, located at 294 Point Pleasant Road, Bulger PA 15090. Application received: December 18, 2024. Issued: February 13, 2025.
- **GP5A-63-01089A: Range Resources Appalachia LLC**, 345 Dry Ridge Rd, West Alexander, PA 15376, Donegal Township, **Washington County**. GP5A-63-01089A: Range Resources Appalachia LLC/Jones Robert Unit 12046 Well Pad (345 Dry Ridge Rd., West Alexander, PA 15376) on January 10, 2025, to authorize construction and operation of ten (10) wellheads and associated equipment, including seven (7) gas processing units with three-phase separators, two (2) heated flash separators, one (1) vapor recovery tower, four (4) vapor recovery units, six (6) 500-bbl storage tanks, four (4) truck loading stations, two (2) flare knockouts, four (4) enclosed burner units, and one (1) backup diesel engine, at their Jones Robert Unit 12046 Well Pad located in Donegal Township, Washington County. Application received: December 19, 2024. Authorized: January 31, 2025.
- **PA-63-00538: Dynamet, Inc./Arden Facility**, 195 Museum Road, Washington, PA 15301, Chartiers Township, **Washington County**. For plan approval extension to authorize continued operation of sources and controls associated with Dynamet, Inc. Application received: January 29, 2024. New expiration date: February 16, 2025.

Greene County Notices

COAL & NONCOAL MINING ACTIVITY APPLICATIONS

- **Mining Permit No. 30841316. NPDES No. PA0213535. Consol Pennsylvania Coal Company LLC**, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, Aleppo and Richhill Townships, **Greene County**. To revise the permit and related NPDES permit for the installation of a ventilation borehole, affecting 8.0 surface acres. Application received: January 27, 2025. Accepted: February 5, 2025.
- **Mining Permit No. 30831303. NPDES No. PA0013511. Iron Cumberland, LLC**, 200 Evergreene Drive, Waynesburg, PA 15370, Center, Jackson, and Whiteley Townships,

Greene County. To revise the permit and related NPDES permit to extend longwall panels LW-76 through LW-79. Application received: October 30, 2024. Accepted: January 28, 2025.

- **Mining Permit No. 30841316. NPDES No. PA0213535. Consol Pennsylvania Coal Company LLC**, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, Alleppo and Richhill Townships, **Greene County.** To revise the permit and related NPDES permit for the installation of the 7 South 1 Powerline, affecting 30 surface acres. Application received: February 4, 2025. Accepted: February 12, 2025.
- **Mining Permit No. 30743711. NPDES No. PA0033511. Iron Cumberland, LLC**, 200 Evergreene Drive, Suite 1020, Waynesburg, PA 15370, Whiteley Township, **Greene County.** To renew the permit and related NPDES permit. Application received: January 14, 2025. Accepted: February 11, 2025.

AIR QUALITY

- **GP5-30-00228D/AG5-30-00013C: CNX Midstream Operating Co LLC**, 1000 Horizon Vue Drive, Canonsburg, PA 15317, Center Township, **Greene County.** On February 14, 2025, CNX Midstream Operating Co LLC was authorized to allow the continued operation of: Four (4) Caterpillar Comp. each rated at 2,370 bhp equipped with oxidation catalysts, one (1) Emergency generator at 755 bhp, two (2) TEG rated at 200 MMscfd equipped with re-boilers each rated at 2.0 MMBtu/hr controlled by two flares at 6.0 MMBtu/hr, one (1) VDU at 18.41 MMBtu/hr, two (2) Storage tanks controlled by one (1) VRU, one (1) open Flare at 12 MMBtu/hr is used for emergency, pneumatic devices, venting/blowdowns, fugitive emissions, and truck loading operations at their Hopewell Compressor Station located in Center Township, Greene County. Application received: April 3, 2023. Authorized: May 31, 2023.
- **GP21-30-00842A: Environmental Commodities Corporation**, 1919 14th Street, Suite 700, Boulder, CO 80203, Morris Township, **Greene County.** Authorization to install and operate two enclosed flares to combust coal mine gas at the following two (2) boreholes: 6A-1 (39.978669, -80.344999) and 3A-1 (39.962618, -80.359016) on the active Harvey Mine in Morris Township, Greene County. Application received: January 30, 2025. Authorized: February 11, 2025.
- **GP21-30-00844A: Environmental Commodities Corporation**, 1919 14th St., Suite 700, Boulder, CO 80302, Morris Township, **Greene County.** On February 13, 2025, the Department authorized Environmental Commodities Corporation to construct and operate three (3) enclosed flares each rated at 20 MMBtu/hr, and three (3) diesel fired generators rated at 24.7 bhp at their 1A-2, 2A-1, and 6A-2 sites of the Harvey Mine located in Morris Township, Greene County. Each site will have one (1) flare and engine installed. Application received: January 23, 2025. Issued: February 13, 2025.

ACTIONS ON COAL AND NONCOAL APPLICATIONS

- **Mining Permit No. 30841312. The Monongalia County Coal Company**, 46226 National Road, Saint Clairsville, OH 43950, Wayne, Aleppo, Gilmore, Jackson, Springhill, and Freeport Townships, **Greene County**. To renew the permit. Application received: August 18, 2020. Accepted: October 29, 2020. Issued: December 23, 2024.
- **Mining Permit No. 30841316. NPDES No. PA0213535. Consol Pennsylvania Coal Company LLC**, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, Aleppo and Richhill Townships, **Greene County**. To revise the permit and related NPDES permit to construct an airshaft, affecting 24.2 surface acres. Receiving stream(s): Unnamed Tributaries to South Fork, classified for the following use: TSF. Application received: September 5, 2023. Accepted: October 3, 2023. Issued: January 27, 2025.

Enlow Fork Mine

PUBLIC NOTICE

Pursuant to the Pennsylvania Clean Streams Law, the Pennsylvania Department of Environmental Protection Rules and Regulations, the Surface Mining Conservation and Reclamation Act, and the Bituminous Mine Subsidence and Land Conservation Act as amended, notice is hereby given that Consol Pennsylvania Coal Company LLC, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, has submitted an application to the

Pennsylvania Department of Environmental Protection to revise Coal Mining Activity Permit No. 30841317 for the Enlow Fork Mine.

The proposed revision adds approximately 1.6 acres of surface permit area for revisions to the H4-1 Degas Borehole project. The project will be located in Washington Township, Greene County, Pennsylvania and is located on the Waynesburg, PA U.S. Geological Survey 7.5 minute topographic map. The H4-1 Borehole added permit area begins along Tower Road (T-411) approximately 0.3 miles northwest of its intersection with SR 4031 (Dillie Road). It continues along Tower Road for approximately 360 feet to the northwest and extends off the southwestern side of the road varying in width between 170 and 250 feet wide. The proposed revisions include an alignment change to the access road and a shift of the borehole pad location. Erosion and sedimentation control facilities are also included. The application includes a request for variance to encroach within 100 feet of the right-of-way of Tower Road (T-411) beginning approximately 0.3 miles northwest of its intersection with SR 4031 (Dillie Road) and continuing 360 feet to the northwest. The road variance is required for access for the H4-1 borehole and erosion and sedimentation control facilities.

Copies of the application are available for public inspection, and copying for a fee, by appointment at the Pennsylvania Department of Environmental Protection, California District Mining Office, 25 Technology Drive, California Technology Park, Coal Center, PA 15423 (telephone number: 724-769-1100).

Written comments, objections, or a request for an informal conference may be submitted to the Department of Environmental Protection, District Mining Operations, at the above address, no later than thirty (30) days following the final publication date of this notice.

Permit revision

PUBLIC NOTICE

Pursuant to the Pennsylvania Clean Streams Law, the Pennsylvania Department of Environmental Protection Rules and Regulations, the Surface Mining Conservation and Reclamation Act, and the Bituminous Mine Subsidence and Land Conservation Act as amended, notice is hereby given that Consol Pennsylvania Coal Company LLC, 275 Technology Drive, Canonsburg, PA 15317, has submitted an application to the Pennsylvania

Department of Environmental Protection to revise Coal Mining Activity Permit (CMAP) No. 30841316.

The proposed revision adds approximately 30.0 acres of surface permit area for the installation of the 7 South 1 Powerline. The project is located in Aleppo Township, Greene County, Pennsylvania and is located on the New Freeport, PA U.S. Geological Survey 7.5-minute topographic map. The proposed permit area begins at the proposed 6 South 4 Airshaft Facility, off of Fairview Road (T-445) and continues in a generally northwest direction for 0.4 miles then 1.0 miles northeast. It will connect to the 15I Powerline, slightly west of the intersection of SR 3001 (Aleppo Road) and Riggs Road (T-336). The permit width varies between 100 feet and 500 feet along the powerline. The proposed permit revision includes installation of a 1.5-mile-long overhead powerline, temporary access, and erosion and sedimentation control facilities.

The application includes activities within 100 feet of the right-of-way of Fairview Road (T-445) beginning approximately 1.1 miles northeast of its intersection with Mudlick Road (T-335) and continuing 110 feet to the northeast. The road variance is required for installation of the overhead powerline, power poles, and temporary access off of the road. Variances are proposed for the following two streams: A variance is requested for UNT 32567 to South Fork, beginning approximately 820 feet west and 810 feet south of the intersection of SR 3001 (Aleppo Road) and Riggs Road (T-336) and continuing upstream approximately 140 feet in a westerly direction; and a 50 foot section of variance for work within 100 feet of UNT 32536N to South Fork at its headwaters, located approximately 1775 feet west and 410 feet south of the intersection of SR 3001 and SR 3018 (Behm Road). The stream variances are required for installation of the overhead powerline, tree cutting, temporary access for construction, and erosion and sedimentation controls. Copies of the application are available for public inspection, and copying for a fee, by appointment at the Pennsylvania Department of Environmental Protection, California District Mining Office, 25 Technology Drive, California Technology Park, Coal Center, PA 15423 (telephone number: 724-769-1100).

Written comments, objections, or a request for an informal conference may be submitted to the Department of Environmental Protection, District Mining Operations, at the above address, no later than thirty (30) days following the final publication date of this notice.

Bailey Mine

PUBLIC NOTICE

Pursuant to the Pennsylvania Clean Streams Law, the Pennsylvania Department of Environmental Protection Rules and Regulations, the Surface Mining Conservation and Reclamation Act, and the Bituminous Mine Subsidence and Land Conservation Act as amended, notice is hereby given that Consol Pennsylvania Coal Company LLC, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, has submitted an application to the Pennsylvania Department of Environmental Protection to revise Coal Mining Activity Permit No. 30841316 for the Bailey Mine.

The proposed revision adds approximately 8.0 acres of surface permit area for the installation of the 13L-3 Degas Borehole. The facility will be located in Aleppo Township, Greene County, Pennsylvania and is located on the New Freeport, PA U.S. Geological Survey 7.5 minute topographic map. The permit area begins near the intersection of Blacks Creek Road (T-356) and Higbee Road (T-447) and follows along the road to the southeast for 280 feet. It extends off the western edge of the road and continues approximately 1070 feet west/southwest, and then 560 feet northwest, varying in width between 175 and 360 feet. The proposed permit revision includes construction of a degas borehole, access road, soil stockpile, and erosion and sedimentation control facilities.

The application includes a request for variance to encroach within 100 feet of the right-of-way of Blacks Creek Road (T-356) near the intersection with Higbee Road (T-447) and continues approximately 225 feet to the south. The road variance is required for site access, including a stream crossing, a contractor laydown area, and erosion and sedimentation controls.

Stream variance requests are proposed for work within 100 feet of three streams: Blacks Creek (32568) beginning near the intersection of Blacks Creek Road (T-356) and Higbee Road (T-447) and continuing downstream approximately 240 feet in a southerly direction; the headwaters of UNT 32568J to Blacks Creek located 1000 feet west and 120 feet south of the intersection of Blacks Creek Road and Higbee Road and continuing downstream for 105 feet in a northeasterly direction; and the headwaters of UNT 32568J-1 to Blacks Creek located 1050 feet west and 30 feet north of the intersection of Blacks Creek Road and Higbee Road and continuing downstream for 115 feet in a northeasterly direction. The stream variances are required for access to the site including a stream crossing, and installation of erosion and sedimentation control facilities.

Copies of the application are available for public inspection, and copying for a fee, by appointment at the Pennsylvania Department of Environmental Protection, California District Mining Office, 25 Technology Drive, California Technology Park, Coal Center, PA 15423 (telephone number: 724-769-1100).

Written comments, objections, or a request for an informal conference may be submitted to the Department of Environmental Protection, District Mining Operations, at the above address, no later than thirty (30) days following the final publication date of this notice.

Maggie Lynn Mine

PUBLIC NOTICE

Neiswonger Construction, Inc. doing business at 17592 Route 322, Strattanville, PA 16258 proposes to initiate its overburden blasting in compliance with all state and federal law at its underground noncoal mining operations located in Deemston Borough, Washington County, known as the Maggie Lynn Underground Mine, SMP #63192001, on the lands now or formerly of John Kosky Contracting or Clyde Holding, Inc. Blasting is proposed between the hours of sunrise and 8 a.m., 8 a.m. to 12 Noon, 12 p.m. to 4 p.m., and 4 p.m. to sunset every day except Sunday from March 7, 2025 to March 6, 2026. Warning signs will be placed at every entrance to the operation and three (3) consecutive five (5) second signals of sufficient per to be heard 5 mile from the blast site will be blown as an all clear signal. Rain, lightning, or other atmospheric conditions, or operator, or public safety, are considered emergency situations and may require unscheduled detonation. If this occurs, identical warning and precaution measures will be taken.

Notice Text

4-West Mine

PUBLIC NOTICE

Notice is hereby given that Dana Mining Company of Pennsylvania, LLC, 966 Crafts Run Road, Maidsville, WV 26541, has requested bond adjustment for the 4-West Mine Permit No. 30031301 pursuant to the Surface Mining Conservation and Reclamation Act.

The 4-West Mine permit was issued on April 25, 2005, and is located in Dunkard Township, Greene County. The permit area is situated north of Dunkard Creek, south of Whiteley

Creek, east of Shannon Run and Fox Run and west of Davistown. The mine consists of 16,152.8 acres of underground permitted area and 140.1 acres of permitted surface area. The proposed area can be found on the Garards Fort, PA and Osage PA U.S.G.S., 7 minute series topographic maps.

A bond adjustment of \$1,275,575 is requested for the following: 24.3 acres of surface site located at the former Marshall Portal Site now owned by Garrett Mining Services, LLP.; 23.5 acres of surface site located at the former Main Portal Site now owned by 7 Equities, LLC.; 2.6 acres of surface site located at the former Eisenhower Shaft Site obtained by PA DEP. Also included in the bond adjustment is the sealing of boreholes, shafts, slopes, and the demolition of structures. Total bond held for the 4-West Mine is \$1,570,076.

The requested release adjustment is for the reclamation cost of the sites that are no longer required due to the purchase of two sites, the Department's issued Post Mining Land Use Change from forestland and unmanaged natural habitat to industrial/commercial at the former Marshall Portal and Main Portal, the PA DEP obtaining the Eisenhower site, the demolition of structures and the sealing of boreholes, shafts, and slopes. The bond liability to remain is \$294,501.

Written comments, objections, or a request for public hearing or informal conference may be submitted to the Pennsylvania Department of Environmental Protection, New Stanton District Office, 131 Broadview Rd., New Stanton, PA 15672, within thirty (30) days of the final (4th) publication of this notice. The correspondence must include the person's name, address, telephone number and a brief description as to the nature of the objections.
