### **DETERMINATION OF APPLICABILITY FOR RESIDUAL WASTE GENERAL PERMITS**

- **WMGR123SW055, Range Resources—Appalachia, LLC**, 3000 Town Center Blvd, Canonsburg, PA 15317, Donegal Township, **Washington County**. An application to modify coverage under WMGR123SW055 was received. Range Resources—Appalachia, LLC is proposing an increase of capacity at its current location (Rastetter Tank Pad Reuse Water Storage Facility, 1466 Toll Gate Road, West Alexander, PA 15376) with one 30,000 bbl nominal capacity open-air aboveground storage tank (AST) and associated equipment to act as a Reuse Water Storage Facility to be used to support unconventional well completions. Liquid waste will be transferred from the temporary storage facility to a Pennsylvania Department of Environmental Protection approved well site and will be beneficially used in developing hydraulic fracturing oil or gas wells. Application received: April 24, 2025. Deemed administratively complete: May 13, 2025.

Comments or questions concerning the application should be directed to RA-EP-EXTUPLSWRO@pa.gov, Southwest Region, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, 412-442-4000. TDD users may contact the Department through the Pennsylvania Hamilton Relay Service, (800) 654-5984. Public comments must be submitted

within 60 days of this notice and may recommend revisions to, and approval or denial of the application.

- **WMGR123SW075, Range Resources—Appalachia, LLC**, 3000 Town Center Blvd, Canonsburg, PA 15317, Chartiers Township, **Washington County**. A Determination of Applicability for coverage under Residual Waste General Permit No. WMGR123 was received. Range Resources—Appalachia, LLC is proposing to place one 17,000-bbl (nominal) capacity storage tank and associated equipment to act as a reuse water storage facility to be used to support unconventional well completions. The facility will include a storage tank within a secondary containment tank, drive-on truck containment system, and water transfer appurtenances. The facility will be located at the Pawlosky Tank Pad, 1092 Western Avenue, Hickory, PA 15340. Application received: April 21, 2025. Deemed administratively complete: May 14, 2025.

Comments or questions concerning the application should be directed to RA-EP-EXTUPLSWRO@pa.gov, Southwest Region, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, 412-442-4000. TDD users may contact the Department through the Pennsylvania Hamilton Relay Service, (800) 654-5984. Public comments must be submitted within 60 days of this notice and may recommend revisions to, and approval or denial of the application.

## **OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE**

- **301390. 5D Field Services, LLC**, 3866 Millers Run Road, McDonald, PA 15057, Cecil Township, **Washington County**. Residual Waste individual permit application for the 5D Field Services, LLC Facility, a residual waste transfer station located at 3866 Millers Run Road, McDonald, PA 15057. Permit was issued on May 15, 2025. Application received: August 22, 2022. Deemed administratively complete: November 4, 2022. Issued a technical deficiency letter: August 3, 2023.

Comments or questions concerning the application should be directed to Regional Files, Southwest Region, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, 412-442-4000. TDD users may contact the Department through the Pennsylvania Hamilton Relay Service, (800) 654-5984. Public comments must be submitted within 60 days of this notice and may recommend revisions to, and approval or denial of the application.

## **WATER OBSTRUCTIONS AND ENCROACHMENTS**

- **E6305225-006. Washington County Redevelopment Authority**, W. Beau Street, Suite 603, Washington, PA 15301, City of Washington, **Washington County**. U.S. Army Corps of Engineers Pittsburgh District. Application received: April 14, 2025.

The applicant proposes to: Demolish and remove an existing building and to restore the site to existing grade within the floodplain of Catfish Creek (WWF), for the purpose of restoring

the site to pre-construction conditions. The project proposes to permanently impact 4,186 square feet (0.0961 acre) and temporarily impact 4,186 square feet (0.0961 acre) of the 100-year floodplain. The project site is located at the intersection of South Main Street and South Street, (City of Washington, PA USGS topographic quadrangle; N: 40°, 9', 56.88"; W: -80°, 14', 36.6"; Sub-basin 20F; USACE Pittsburgh District), in the City of Washington, Washington County.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

- **DMC 13H Well Pad**, Primary Facility ID # **883775**, 284 Grimes Road, Claysville, PA 15323, Donegal Township, **Washington County**. EnviroTrac, Ltd, 176 Thorn Hill Road, Warrendale, PA 15086, on behalf of Jessica Ullom, Range Resources-Appalachia, LLC, 3000 Town Center Boulevard, Canonsburg, PA 15317, submitted a Final Report concerning remediation of soil contaminated with aluminum, barium, boron, chloride, iron, lithium, manganese, strontium, vanadium, selenium methanol. The Final Report is intended to document remediation of the site to meet the Statewide health standards.

## AIR QUALITY

- **PA-63-00936F: MarkWest Liberty Midstream & Resources, LLC**, 4600 J Barry Court, Suite 500, Canonsburg, PA 15317, Chartiers Township, **Washington County**. For plan approval extension, with expiration on November 28, 2025, to authorize continued temporary operation of air contamination sources and controls at the Houston Gas Plant. Application received: April 18, 2025. Effective: May 28, 2025.
- **TV-30-00072: Consol PA Coal Company, LLC**, 275 Technology Drive, Suite 101, Canonsburg, PA 15317-9565, Richhill Township, **Greene County** and East Finley Township, **Washington County**. TV-30-00072: Consol Pennsylvania Coal Company, LLC (275 Technology Drive, Suite 101, Canonsburg, PA 15317) In accordance with 25 Pa. Code §§ 127.424, 127.425, and 127.521, the Department of Environmental Protection is providing notice that it has issued a renewal Title V Operating Permit (TVOP) to authorize the operation of the Bailey Preparation Plant located in Richhill Township, Greene County, and East Finley Township, Washington County. Air contamination sources at this facility include various raw coal, clean coal, and coal refuse conveyors, transfers points, and chutes; coal and coal refuse bins, rotary breakers, crushers, and screens; coal and coal refuse truck hauling on unpaved roads; raw coal, clean coal, and coal refuse material handling; wash plant froth flotation, freeze conditioning, and thickener processes; storage tanks; nine (9) raw coal storage silos equipped with mechanical vents, fog sprays, and mist eliminators; six (6) clean coal storage silos equipped with mechanical vents; a railcar loadout operation; eight (8) diesel-fired emergency generator engines; one (1) diesel-powered conveyor; one (1) propane-fired emergency generator engine; and one (1) diesel-fired emergency fire pump engine. The emission restrictions and testing, monitoring, recordkeeping, reporting, and work practice conditions of the TVOP have been derived from the applicable requirements of 40 CFR Parts 60, 61, 63, and 70, and Pa. Code Title 25, Article III, Chapters 121—145, including the RACT III requirements from Chapter 129. The renewal TVOP was issued final

on May 6, 2025. Application received: December 21, 2023. Deemed administratively complete: August 19, 2024. Issued: May 6, 2025.

- **63-00969: MarkWest Liberty Midstream & Resources, LLC**, 858 Atlasburg Road, Burgettstown, PA 15021, Smith Township, **Washington County**. On May 13, 2025, the Department of Environmental Protection issued a synthetic minor State-Only Operating Permit renewal to MarkWest Liberty Midstream & Resources, LLC's Three Brothers Compressor Station located in Smith Township, Washington County. This facility is subject to the applicable requirements of 25 Pa. Code, Chapters 121—145, 40 CFR Part 60 Subparts JJJJ and OOOO, and 40 CFR Part 63 Subparts ZZZZ and HH. The air quality Operating Permit includes emission limitations, operating requirements, monitoring requirements, work practice standards, reporting, and recordkeeping requirements for the site. Application received: September 14, 2023. Deemed administratively complete: September 20, 2023.

Module 2

Public Notice

Pursuant to the Surface Mining Conservation and Reclamation Act, and the Bituminous Mine Subsidence and Land Conservation Act, the Pennsylvania Department of Environmental Protection Rules and Regulations and Clean Streams Law notice is hereby given that Marshall County Coal Resources, Inc., 46226 National Road, St. Clairsville, OH 43950, has made application to the Pennsylvania Department of Environmental Protection for renewing its existing underground coal mine permit and the related NPDES permit. The current underground permit No. 30161301 and associated NPDES permit No. PA0236519 were issued on October 13, 2020, and will expire on October 12, 2025. This renewal does not contain revisions to the existing operation.

The operation is located in Aleppo and Springhill Townships of Greene County and is known as Marshall County Mine. The permit contains 24.00 acres for Surface Activity Sites with receiving waters being Unnamed Tributary to Harts Run and 836.60 acres of underground mining area and subsidence control plan area.

The existing permit areas begins at a point on the PennsylvaniaWest Virginia state line approximately 1,965 feet north of the intersection of Hewitt Run Road and the state line then approximately 3,905 feet east southeast to a point approximately 1,870 feet east northeast of the intersection of Hewitt Run Road and Auld Road then approximately 19,600

feet south-southwest to a point on the PennsylvaniaWest Virginia state line approximately 3,940 feet north of the intersection of Harts Run Road and the state line then follows the state line approximately 20,120 feet north to the point of origin.

A copy of the application is available for public inspection and copying for a fee, by appointment at the Department of Environmental Protection, California District Office, District Mining Operations, 25 Technology Park, Coal Center, Pennsylvania 15423. Telephone: (724) 769-1100.

Written comments, objections and requests for a public hearing or informal conference may be submitted to the Department of Environmental Protection, California District Office at the above address, within thirty (30) days from the date of the final publication of this Notice and must include the persons name, address, telephone number, and a brief statement as to the nature of his or her objection.

### **Notice Text**

Teerco Mine

### **PUBLIC NOTICE**

Pursuant to the Surface Mining Conservation and Reclamation Act and the Clean Streams Law , and applicable Title 25 Rules and Regulations of the Pennsylvania Department of Environmental Protection (PADEP), notice is hereby given that Beazer East, Inc. c/o Three Rivers Management, Inc., 600 River Avenue, Suite 200, Pittsburgh, Pennsylvania 15212, has made application to the Pennsylvania Department of Environmental Protection for renewing its existing surface coal mine permit and the related NPDES permit. The current permit, SMP #30793024, and NPDES Permit #PA0117650, was reissued on March 1, 2021

and will expire on November 16, 2025. This renewal does not contain revisions to the existing operation, which consists solely of post-mining drainage treatment with no other active mining activities conducted at the permit area.

The receiving streams for the permit area are South Fork Tenmile Creek and two unnamed tributaries to South Fork Tenmile Creek, UT1 Upper and UT2 Lower. The operation is located in Morgan Township, Greene County, and is known as the Teerco 5A Mine. The permit area is 327.7 acres and located primarily east of Homeville Road (T264) with site access located approximately 1950 feet south of the intersection with Jefferson Road (SR188). The Mather U.S. Geological Survey 7.5-minute topographic map contains the area described.

A copy of the application is available for public inspection at the Pennsylvania Department of Environmental Protection, New Stanton District Mining Office, 131 Broadview Road, New Stanton, Pennsylvania 15672. Written comments, objections or a request for public hearing or informal conference may be submitted to the PADEP at the same address. by July 20, 2025 and must include the person's name, address, telephone number and a brief statement as to the nature of the objection(s).

Bond release request

PUBLIC NOTICE

BOND RELEASE

Notice is hereby given that Amerikohl Mining, Inc., has requested a Stage III bond release from the PA Department of Environmental Protection pursuant to the Surface Mining Conservation and Reclamation Act for the Surface Mine Permit No. 63120105. The permit was issued on October 1, 2014 and is situated east of McIlvaine Road (T-818) and west of Lusk Road (T-828), southeast of Kammerer. Bond release of \$10,500.00 (all remaining bonds) is requested for 21.5 acres. Total bond held is \$10,500.00. The requested release area has been successfully supporting the post mining land use for five or more years.

Written comments, objections, and requests for a public hearing or informal conference may be submitted to the Department of Environmental Protection, (File No. 63120105), New Stanton District Office, 131 Broadview Road, New Stanton, PA 15672, within thirty days from the final (4th) publication of this notice and must include the person's name, address, telephone number, and a brief statement as to the nature of comment(s).

### Notice Text

Harvey Mine

### PUBLIC NOTICE

Pursuant to the Pennsylvania Clean Streams Law, the Pennsylvania Department of Environmental Protection Rules and Regulations, the Surface Mining Conservation and Reclamation Act, and the Bituminous Mine Subsidence and Land Conservation Act as amended, notice is hereby given that Consol Pennsylvania Coal Company LLC, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, has submitted an application to the Pennsylvania Department of Environmental Protection to revise Coal Mining Activity Permit No. 30121301 for the Harvey Mine.

The proposed revision adds approximately 13.2 acres of surface permit area for the installation of the 1N Panel Degas Boreholes. The facilities will be located in Center Township, Greene County, Pennsylvania and are located on the Rogersville, PA U.S. Geological Survey 7.5 minute topographic map. The 1N-1 borehole permit begins along Boulder Road (T-485) approximately 0.8 miles southwest of the intersection with SR 18. It extends southeast approximately 470 feet, then northwest 615 feet, varying in width between 120 feet and 270 feet. The 1N-2 borehole permit area begins off of SR 4017 (West Run Road) at the existing Equitrans Europa Compressor Station access road, approximately 0.4 miles northeast of the intersection with Hopewell Ridge Road. It continues along the access road and through the compressor station site at a width of approximately 30 feet. It then continues to the northeast approximately 715 feet, then southeast 1325 feet, varying in width between 65 and 300 feet. The 1N-3 borehole permit area begins at an existing driveway off of SR 4017, approximately 0.7 miles northeast of its intersection with Hopewell Ridge Road. It continues along the driveway approximately 650 feet and varies in width between 85 feet and 225. The proposed permit revision includes construction of three degas boreholes, access roads, soil stockpiles, and erosion and sedimentation control facilities.

The application includes a request for variance to encroach within 100 feet of the right-of-way of the following two roads: SR 4017 (West Run Road) at two locations - the first beginning 0.4 miles northeast of its intersection with Hopewell Ridge Road and continuing approximately 175 feet to the north, and the second beginning 0.7 miles northeast of the intersection and continuing 115 feet northeast; and Boulder Road (T-485) beginning 0.8 miles southwest of its intersection with SR 18 and continuing 255 feet to the southwest. The road variances are required for site access and erosion and sedimentation controls.

Stream variances are requested for work within 100 feet of four streams as follows: a 65 foot section of UNT 40543E to Browns Creek, located at its culvert under Boulder Road (T-485) approximately 0.8 miles southwest of the intersection with SR 18 and continuing downstream to the northwest; at the headwaters of UNT 40546A to Browns Creek, located at a point 1050 feet east and 1990 feet north of the intersection of SR 4017 (West Run Road) and Hopewell Ridge Road and continuing downstream for approximately 95 feet northwest; UNT 40546 to Browns Creek beginning at a point 1235 feet east and 3030 feet north of the intersection of SR 4017 and Hopewell Ridge Road and continuing upstream for approximately 350 feet northeast; and UNT 40546F to Browns Creek, located at its culvert under SR 4017 approximately 0.7 miles northeast of the intersection with Hopewell Ridge Road and continuing downstream 162 feet to the east to its confluence with UNT 40546.

The stream variances are required for site access and erosion and sedimentation control facility installation.

Copies of the application are available for public inspection, and copying for a fee, by appointment at the Pennsylvania Department of Environmental Protection, California District Mining Office, 25 Technology Drive, California Technology Park, Coal Center, PA 15423 (telephone number: 724-769-1100). Written comments, objections, or a request for an informal conference may be submitted to the Department of Environmental Protection, District Mining Operations, at the above address, no later than thirty (30) days following the final publication date of this notice.
