Washington County Notices

AIR QUALITY

- DEM-63-01043A: **Range Resources—Appalachia, LLC**, 3000 Town Center Blvd., Canonsburg, PA 15317, **Jefferson Township, Washington County**. DEM-63- 01043A: Range Resources—Appalachia, LLC, 3000 Town Center Blvd., Canonsburg, PA 15317. Orenchuk Russel Unit 11890, (40.351977, -80.502553), Jefferson Township, Washington County. This facility is authorized by a General Operating Permit GP5A-63-01043B/AG5A-63- 00026B on November 10, 2025. On June 12, 2026, the Department received a de minimis notice for the proposed construction and operation of a 330-gallon methanol tote that will produce a de minimis emissions increase. Approximately one gallon of methanol will be used per day to inhibit hydrate formation in two wells. The Department has determined that this project is exempt from plan approval under authorization of General Operating Permit GP5A-63-01043B/AG5A-63-00026B Section A(15)(a)(i), (ii), and (iii). Pre-Change Emissions (ton per year): SOx~0.14; NOx~23.19; CO~19.43; VOC~16.08; PM2.5~1.88; PM10~1.88; HAP~1.45. Change in Emissions (ton per year): VOC~0.001; HAP~0.001. Post-Change Emissions (ton per year): SOx~0.14; NOx~23.19; CO~19.43; VOC~16.08; PM2.5~1.88; PM10~1.88; HAP~1.45. Received: June 12, 2026. Authorized: August 11, 2026.

Greene County Notices

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

- **EQT Barley Wine Well Pad**, Primary Facility ID # 863641, 1862 Toms Run Road, Holbrook, PA 15341, **Jackson Township, Greene County**. Moody and Associates, Inc., 1720 Washington Road, Suite 100, Washington, PA 15301, on behalf of Kyle Borden, EQT Corporation, 2200 Energy Drive, Canonsburg, PA 15317, submitted a Final Report concerning remediation of soil contaminated with aluminum, barium, boron, chloride, iron, lithium, manganese, strontium, selenium, vanadium, and zinc. The Final Report is intended to document remediation of the site to meet the Statewide health standards.

AIR QUALITY

- GP21-30-00870B: **Environmental Commodities Corporation**, 1919 14th Street, Suite 700, Boulder, CO 80302, **Center Township, Greene County**. On August 4, 2026, the Department authorized the use of GP-21 for Coal-Mine Methane Enclosed Flares (BAQ-GPA/GP-21) for the construction and operation of one (1) coal-mine methane flare and one (1) diesel generator at the 2N-1 site at Harvey Mine, located in Center Township, Greene County. Application received: July 24, 2026. GP coverage issued: August 4, 2026. Expiration date: August 4, 2031.

ACTIONS ON COAL AND NONCOAL APPLICATIONS

- Mining Permit No. 30161301. NPDES No. PA0236519. **Marshall County Coal Resources, Inc.**, 46226 National Road, St. Clairsville, OH 43950, **Aleppo and Springhill Townships, Greene County**. To renew the NPDES permit. Application received: April 11, 2025. Accepted: May 9, 2025. Issued: August 10, 2026.

Statewide Notices

ENVIRONMENTAL QUALITY BOARD

- Withdrawal of Rulemaking Petition On August 5, 2026, the Department of Environmental Protection (Department) received a letter from the Marcellus Shale Coalition withdrawing a petition previously accepted for study by the Environmental Quality Board (Board) on December 9, 2025. The petition, submitted by the Marcellus Shale Coalition, the Pennsylvania Coal Alliance and the Pennsylvania Independent Oil and Gas Association, requested amendments to 25 Pa. Code Chapters 78 and 78a (relating to oil and gas wells; and unconventional wells) to clarify how attainable bottom is determined and how the plugging of wells should proceed once that determination has been made. The Board was informed of the petition's withdrawal on August 11, 2026. The petition withdrawal letter is accessible on the Department's website at pa.gov/agencies/dep (select "Public Participation," then "Environmental Quality Board," then navigate to the Board meeting of August 11, 2026).

Maple Creek Mine

PUBLIC NOTICE

Pursuant to the Pennsylvanian Clean Streams Law, the Pennsylvania Department of Environmental Protection Rules and Regulations, the Surface Mining Conservation and Reclamation Act, and the Bituminous Mine Subsidence and Land Conservation Act as amended, notice is hereby given that Washington County Land Resources, Inc. (WCLR), 46226 National Road, St. Clairsville, OH 43950, has made application to the Pennsylvania Department of Environmental Protection for renewing its existing Maple Creek Mine, Coal Mining Activity Permit #63841302 and its associated NPDES permit PA0236446. The permit #63841302 was originally issued on August 20, 1986 and expires on August 19, 2026. The permit renewal does not request revisions to the existing mining operations. The mine is permanently sealed and the only activities onsite are reclamation and perpetual water treatment.

The subsidence control plan for the Maple Creek Mine has been completely deleted and the mine is sealed. The sealed entrance to the mine is located in New Eagle Borough. The underground permit area is located within portions of the Monongahela and Hackett, 7.5 USGS Topographic Quad Maps. It consists of 17,077.1 acres and is situated in Carroll, Fallowfield, North Strabane, Nottingham, and Somerset townships in Washington County, Pennsylvania. The underground boundary is located as follows: the southeast corner is located approx. 3000 feet northwest of the town of Van Voorhis, Pa.; the southwest corner is located approx. 9000 feet southwest of the town of Dunningville, Pa.; the northwest corner is located approx. 2000 feet east of the town of Munntown, Pa.; the northeast corner is located in New Eagle Borough.

Four surface sites remain within the permitted area totaling 137.0 acres. The surface activity sites are: New Eagle, Hazel-Kirk, Mine Water Pond, and Craig Shaft. The New Eagle site is a barge load-out facility located in New Eagle Borough. The Hazel Kirk site is a garage and storage facility located in the Town of Hazel Kirk. The Mine Water Pond facility is located south of the Town of Ginger Hill. The Craig Shaft site controls the mine pool level of the Maple Creek Mine by pumping the mine water to a nearby treatment facility on the Ginger Hill Refuse Area II permit. The Craig Shaft is located 5000 feet northwest of the Town of Hazel Kirk. The New Eagle, Hazel Kirk, and Craig Shaft are located within a portion of the Monongahela, 7.5 USGS Topographic Quad Map. The Mine Water Ponds are located on a portion of both the Monongahela and Hackett, 7.5 USGS Topographic Quad Maps.

Four (4) NPDES outfalls area associated with PA PA0236446. Outfall 002 discharges to receiving stream unnamed tributary to Sawmill Creek, Outfalls 013 and 014 discharge into the Monongahela River, and Outfall 015 discharges into receiving stream Pigeon Creek.

A copy of the application is available for public inspection and copying for a fee, by appointment, at the PADEP-California District Mining Office, 25 Technology Drive, Coal Center, PA 15423. Written comments, objections, or request for a public hearing or informal conference may be submitted to the PADEP at the aforementioned address no later than 30 days following the fourth (4th) publication of this notice and must include the person's name, address, telephone number, and a brief statement as to the nature of the objection(s).

Hearing

NOTICE

NOTICE IS HEREBY GIVEN that the Board of Supervisors of Hanover Township, Washington County, Pennsylvania, will hold a continued public hearing on Monday, August 31, 2026, at 6:00 p.m. at the Hanover Volunteer Fire Department Building, located at 9 Starck Drive, Burgettstown, Pennsylvania 15021, to hear the following:

To hear the petition of Prime Data Centers, LLC, located at 400 North Ervay Street, P.O. Box 131466, Dallas, Texas 75313, who is requesting Conditional Use approval for the development of a data center campus within the S-D Special Development District located in the Starpointe Business Park, Hanover Township, Washington County, Pennsylvania. The proposed project consists of a multi-building data center development and associated site improvements on the following tax parcels:

340-036-01-00-0017-00; 340-036-01-00-0018-00; 340-036-01-00-0020-00; 340-036-01-00-0030-00; 340-036-01-00-0024-00; 340-036-01-00-0026-00; 340-036-01-00-0027-00; 340-036-01-00-0019-00; 340-036-01-00-0022-00; 340-036-01-00-0021-00; 340-036-01-00-0031-00; and 340-036-01-00-0029-00. The application seeks conditional use approval pursuant to the Hanover Township Zoning Ordinance for data center use within the S-D Special Development District.

To hear the petition of Prime Data Centers, LLC, located at 400 North Ervay Street, P.O. Box 131466, Dallas, Texas 7531, requesting Conditional Use approval for an independent power generation facility intended to provide power directly to the proposed Starpointe data center development. The proposed power generation facility is located on Tax Parcel No. 340-036-01-00-0028-00 within the Starpointe Business Park, Hanover Township, Washington County, Pennsylvania. The application seeks conditional use approval as a comparable use not specifically listed within the S-D Special Development District.

Interested persons may appear at the aforementioned hearing to offer testimony in favor of or in opposition of, and to ask questions regarding the foregoing Conditional Use Applications. Pertinent records related to the Conditional Use Applications may be examined at the Hanover Township Municipal Building during normal business hours.

MAGGIE LYNN MINE

NOTICE

Neiswonger Construction, Inc. doing business at 17592 Route 322, Strattanville, PA 16258 proposes to conduct overburden blasting in compliance with all state and federal law at its underground noncoal mining operations located in Deemston Borough, Washington County, known as the Maggie Lynn Underground Mine, SMP #63192001, on the lands now or formerly of John Kosky Contracting or Clyde Holding, Inc. Blasting is proposed between the hours of sunrise and 8:00 AM, 8:00 AM 12:00 Noon, 12:00PM to 4:00 PM, and 4:00 PM to sunset every day except Sunday from August 17, 2026 to August 17, 2027. Warning signs will be placed at every entrance to the operation and three (3) consecutive five (5) second signals of sufficient per to be heard 5 mile from the blast site will be blown as an all clear signal. Rain, lightning, or other atmospheric conditions, or operator, or public safety, are considered emergency situations and may require unscheduled detonation. If this occurs, identical warning and precaution measures will be taken.

ENLOW FORK

PUBLIC NOTICE

Pursuant to the Pennsylvania Clean Streams Law, the Pennsylvania Department of Environmental Protection Rules and Regulations, the Surface Mining Conservation and Reclamation Act, and the Bituminous Mine Subsidence and Land Conservation Act as amended, notice is hereby given that Consol Pennsylvania Coal Company LLC, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, has submitted an application to the Pennsylvania Department of Environmental Protection to revise Coal Mining Activity Permit No. 30841317 for the Enlow Fork Mine.

The proposed revision adds approximately 2.3 acres of surface permit area for the installation of the H6-1 Degas Borehole. The facility will be located in Washington Township, Greene County, Pennsylvania and is located on the Waynesburg, PA U.S. Geological Survey 7.5 minute topographic map. The H6-1 Borehole permit area begins along the driveway at 415 Dillie Road, approximately 880 feet northwest of the entrance off of Dillie Road. It continues along the driveway to the northwest for 800 feet at a 30 foot width. It continues another 265 feet northwest along the driveway, varying in width between 90 and 485 feet. The proposed permit revision includes construction of a degas borehole, access road, soil stockpile, and erosion and sedimentation control facilities.

A stream variance request is proposed for work within 100 feet of the following three streams: UNT 40519 to Fonner Run, beginning along the driveway at 415 Dillie Road 800 feet northwest of its entrance off of Dillie Road and continuing along the driveway for 915 feet in a northwesterly direction, upstream; UNT 40519A to Fonner Run, beginning

at the driveway culvert at 415 Dillie Road located 1140 feet northwest of the entrance off of Dillie Road and continuing upstream 115 feet in a westerly direction and downstream 70 feet in an easterly direction; and the entire 345 foot intermittent/perennial portion of UNT 40519B to Fonner Run, beginning at its confluence with UNT 40519 located 1540 feet northwest of the 415 Dillie Road driveway entrance off of Dillie Road and continuing upstream in a northeasterly direction. The stream variances are required for installation of the H6-1 Borehole facility including access to the site utilizing the existing driveway, borehole pad construction, and installation of erosion and sedimentation control facilities.

Copies of the application are available for public inspection, and copying for a fee, by appointment at the Pennsylvania Department of Environmental Protection, California District Mining Office, 25 Technology Drive, California Technology Park, Coal Center, PA 15423 (telephone number: 724-769-1100).

Written comments, objections, or a request for an informal conference may be submitted to the Department of Environmental Protection, District Mining Operations, at the above address, no later than thirty (30) days following the final publication date of this notice.
