Washington County Notices

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

- **Diversified NV34HS Compressor Station**, Primary Facility ID # 894735, 499 Mount Zion Road, Prosperity, PA 15329, **Morris Township, Washington County**. Moody and Associates, Inc., 1720 Washington Road, Suite 100, Washington, PA 15301, on behalf of Lisa Raffle, Diversified Production, LLC, 125 Industry Road, # 201, Waynesburg, PA 15370, submitted a Final Report concerning remediation of soil contaminated with benzene, ethylbenzene, isopropyl benzene, cumene, naphthalene, toluene, anthracene, benzo(a)anthracene, benzo(a)pyrene, benzo(b)fluoranthene, benzo(g,h,i)perylene, chrysene, fluorene, indeno(1,2,3-cd)pyrene, phenanthrene, and pyrene. The Final Report demonstrated attainment of the Statewide health standards. Approved: October 7, 2026.

AIR QUALITY

- GP5A-63-01057B/AG5A-63-00029C: **Range Resources—Appalachia, LLC,** 187 Patterson Road, Avella, PA 15312, **Cross Creek Township, Washington** County. On October 5, 2026, GP5A-63-01057B/AG5A-63-00029C was approved for five years for the continued operation of the Margaria Raymond Unit 11182 Well Pad, which includes eight (8) natural gas wells, four (4) GPUs each rated at 2.0 MMBtu/hr, two (2) unheated separators, two (2) heated flash separators each rated at 0.500 MMBtu/ hr, one (1) vapor recovery tower, four (4) 500-bbl condensate tanks, four (4) 500-bbl produced water tanks, condensate and produced water loading operations, two (2) electric motor-driven vapor

compressors, fugitives, blowdowns, one (1) portable vapor separator, one (1) 10.1 bhp emergency generator, and two (2) enclosed burner units each rated at 12.2 MMBtu/hr, at Range Resources— Appalachia, LLC's Margaria Raymond Unit 11182 Well Pad located in Cross Creek Township, Washington County. This authorization re-authorizes GP5A-63- 01057A/AG5A-63-00029A. Application received: September 10, 2026. Accepted: September 10, 2026. Approved: October 5, 2026.

ACTIONS ON COAL AND NONCOAL APPLICATIONS

- Mining Permit No. 30841317. NPDES No. PA0213527. **Consol Pennsylvania Coal Company LLC,** 275 Technology Drive, Suite 101, Canonsburg, PA 15317, **Richhill, Washington, Morris, Amwell, Buffalo, East Finley, Morris, South Franklin, West Finley Townships and Green Hills Borough, Greene and Washington Counties.** To renew the NPDES permit and Outfalls 004, 005, 007, 013, 015 and 026 have been removed from the permit. Application received: July 15, 2025. Accepted: August 5, 2025. Issued: October 1, 2026.

Greene County Notices

AIR QUALITY

- 30-00809, **CNX Gas Company**, 1000 Consol Energy Dr, Canonsburg, PA 15317, **Washington Township, Greene County**. Application received: November 19, 2025. In accordance with 25 Pa. Code §§ 127.424 and 127.425, the Department of Environmental Protection (DEP) has received an application and is providing notice that it intends to issue a new natural minor State-Only Operating Permit to CNX Gas Company's **NV-1 Impoundment located in Prosperity Township, Greene County.** This initial operating permit is a result of this facility no longer qualifying for exemption as determined previously by RFD-30-00809. Sources of emissions consist of one (1) open-top impoundment, and unpaved haul roads. Potential emissions from this facility are estimated to be 2.70 TPY VOC, 2.70 TPY Total HAP, 2.70 TPY Single HAP, 6.33 TPY PM, 1.61 TPY PM10 and 0.16 TPY PM2.5. Those who wish to provide the Department with additional written information that they believe should be considered prior to the renewal of the State-Only Operating Permit may submit the information to Tom Joseph, at the DEP's Southwest Regional Office. Written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (30-00809) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit. A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the Pennsylvania Bulletin, or by telephone, where the Department determines

such notification by telephone is sufficient. All comments must be received within 30 days of this publication. The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office. A file review can be scheduled through the DEP's website at https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx or by contacting Tom Joseph directly

- GP5A-30-00879A/AG5A-30-00023A: **EQT Production Company,** 2200 Energy Drive, Canonsburg, PA 15317, **Springhill Township, Greene County**. The Department has authorized the use of GP5A at the existing Soles Well Site which includes seven (7) Marcellus shale natural gas production wells, four (4) produced water tanks, one (1) TEG dehydration unit, produced fluids truck load-out, venting/blowdowns, and fugitive emissions from component leaks. Application received: September 9, 2026. Approved: October 5, 2026.

ACTIONS ON COAL AND NONCOAL APPLICATIONS

- Mining Permit No. 30841317. NPDES No. PA0213527. **Consol Pennsylvania Coal Company LLC**, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, **Richhill, Washington, Morris, Amwell, Buffalo, East Finley, Morris, South Franklin, West Finley Townships and Green Hills Borough, Greene and Washington Counties**. To renew the NPDES permit and Outfalls 004, 005, 007, 013, 015 and 026 have been removed from the permit. Application received: July 15, 2025. Accepted: August 5, 2025. Issued: October 1, 2026.

ORDINANCE

PUBLIC NOTICE

NOTICE OF PROPOSED ORDINANCE AMENDMENT

BOROUGH OF GREENSBORO, GREENE COUNTY, PENNSYLVANIA

NOTICE IS HEREBY GIVEN that the Borough Council of the Borough of Greensboro ("Borough"), Greene County, Pennsylvania, intends to consider for adoption proposed Ordinance No. 1-2026 an ordinance amending Ordinance No. 2-1995 entitled AN ORDINANCE OF THE TOWNSHIP OF MONONGAHELA DIRECTING AND REQUIRING THE CONNECTION OF ALL PROPERTY ACCESSIBLE TO A PUBLIC SEWER SYSTEM TO CONNECT THEREWITH; DIRECTING AND REQUIRING THE ABANDONMENT OF LL PRIVY VAULTS, CESSPOOLS AND SEPTIC TANKS ON SUCH PREMISES; PROVIDING FOR THE METHOD OF CONNECTING PROPERTY TO THE SEWER SYSTEM; PROVIDING FOR THE INSPECTION OF SUCH CONNECTION; PROVIDING FOR THE ISSUING OF PERMITS AND THE PAYMENT OF TAPPING FEES, CONNECTION FEES, AND CUSTOMER FACILITIES FEES THEREFOR; AND PROVIDING PENALTIES FOR VIOLATION.

A public meeting of the Borough Council will be held on November 4, 2026, at 6:00PM, at 217 Minor Street, Greensboro, PA 15338 at which time the proposed ordinance will be considered for adoption and all interested persons will be given the opportunity to be heard.

SUMMARY OF PROPOSED AMENDMENT

The amendment establishes that property owners connected to the Borough sewer system are responsible for maintaining, repairing, and replacing the building sewer lateral serving their property, from the building up to the edge of the public road right-of-way. It further provides that owners are responsible for repairs where damage to the lateral results from an affirmative act by the owner or from conditions originating on the owner's property.

The full text of proposed Ordinance No. 2026-1 is available for public review and inspection at the Borough offices, located at 217 Minor Street, Greensboro, PA 15338, during regular business hours. Copies of the full text are available at cost, upon request, at the Borough office.

Persons with a disability who wish to attend the public meeting and require an auxiliary aid, service, or other accommodation to participate should contact the Borough office at 724-998-8242 to discuss how the Borough may accommodate their needs.

BAILEY MINE

PUBLIC NOTICE

Pursuant to the Pennsylvania Clean Streams Law, the Pennsylvania Department of Environmental Protection Rules and Regulations, the Surface Mining Conservation and Reclamation Act, and the Bituminous Mine Subsidence and Land Conservation Act as amended, notice is hereby given that Consol Pennsylvania Coal Company LLC, 275 Technology Drive, Suite 101, Canonsburg, PA 15317, has submitted an application to the Pennsylvania Department of Environmental Protection to revise Coal Mining Activity Permit No. 30841316 and related NPDES permit for the Bailey Mine.

The proposed revision adds approximately 27.7 acres of surface permit area for the construction of the 7 South 2 Airshaft Facility. The project is located in Aleppo Township, Greene County, Pennsylvania and is located on the New Freeport, PA U.S. Geological Survey 7.5 minute topographic map. The proposed permit area begins off of Strope Road (T-333) approximately 500 feet southwest of its intersection with SR 3003 (Riggle Road). It continues along the road approximately 1255 feet to the southwest. It extends approximately 3500 feet northwest up to the existing Richter Pad entrance off of Miller Road (T-326), varying in width between 25 feet and 705 feet. The proposed permit revision includes construction of the airshaft and boreholes. The proposed permit revision also includes an access road of off Strope Road (T-333), an access road off of Miller Road (T-326), pad areas, stockpiles, a cuttings pile, sediment pond, and other erosion and sedimentation control facilities.

The application includes a request for variance to encroach within 100 feet of the right-of-way of Strope Road (T333) beginning approximately 0.1 miles southwest of its intersection with SR 3003 (Riggle Road) and continuing approximately 1250 feet to the southwest and Miller Road (T-326), beginning 0.2 miles southeast of its intersection with SR 3012 (Greene Valley Road) and continuing 115 feet to the southeast. The road variances are required for access road construction, pad construction, and erosion and sedimentation control facilities including a sediment trap, sediment pond and associated outlets.

A stream variance request is proposed for work within 100 feet of the following four streams: UNT 32577 to South Fork Dunkard Fork beginning approximately 500 feet southwest of the intersection of Riggle Road and Strope Road and continuing 1625 feet upstream in a southwesterly direction; a 48 foot section of UNT 32577R to South Fork, located at its confluence with UNT 32577 approximately 1780 feet southwest of the intersection of Riggle Road and Strope Road; UNT 32583 to South Fork, beginning at its culvert under Strope Road located approximately 1080 feet southwest of its intersection with Riggle Road and continuing on and off upstream 2255 feet in a northwesterly direction; and UNT 32583B to South Fork at its headwaters, located at a point 1975 feet west and 1105 feet north of the intersection and continuing downstream 140 feet in a southwesterly direction.. The variances are required for access to the site, construction of the sediment pond, a sediment trap, ditches, stockpiles, and pad areas, and installation of additional erosion and sedimentation controls.

The proposed permit revision includes a new NPDES discharge point, located at the sediment pond principal spillway outlet into UNT 32577 to South Fork Dunkard Fork located at 39 degree 4838.3, 80 degree 2804.2. Treated surface water runoff will be discharged at the new NPDES point.

Blasting may be conducted during site activities. Blasting will not occur until a plan has been approved by the PADEP. When a blasting schedule is finalized, residents, owners of dwellings or other structures, local governments and public utilities located within 1/2 mile of the area where blasting will occur will be notified. All residents, owners of dwellings or other structures located within 1/2 mile of the area where blasting will occur will be informed of their right to a pre-blast survey and how they may request such a survey.

Copies of the application are available for public inspection, and copying for a fee, by appointment at the Pennsylvania Department of Environmental Protection, California District Mining Office, 25 Technology Drive, California Technology Park, Coal Center, PA 15423 (telephone number: 724-769-1100).

Written comments, objections, or a request for an informal conference may be submitted to the Department of Environmental Protection, District Mining Operations, at the above address, no later than thirty (30) days following the final publication date of this notice.
