DETERMINATION OF APPLICABILITY FOR RESIDUAL WASTE GENERAL PERMITS

- WMGR123SW082, **Range Resources—Appalachia, LLC,** 3000 Town Center Boulevard, Canonsburg, PA 15317, **Donegal Township, Washington County**. A Determination of Applicability for coverage under Residual Waste General Permit No. WMGR123 was received. Range Resources—Appalachia LLC is proposing to place one 22,000-bbl (nominal) capacity storage tank and associated equipment to act as a reuse water storage facility at the **Varner Well Pad,** located at 1123 SR 231, Claysville, PA 15323, to be used to support unconventional well completions. The facility will include a storage tank within a secondary containment tank, drive-on truck containment system, and water transfer appurtenances. The facility will be installed approximately 2—4 weeks prior to well completion activities. Once the facility is installed and hydro-tested, reuse water will be loaded into the tanks via water trucks. Active operations at the location are anticipated to be 10—14 weeks. Application received: October 16, 2026. Deemed administratively complete: October 27, 2026. Comments or questions concerning the application should be directed to ra-ep-extuplswro@pa.gov, Southwest Region, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, 412-442-4000. TDD users may contact the Department through the Pennsylvania Hamilton Relay Service, (800) 654-5984. Public comments must be submitted within 60 days of this notice and may recommend revisions to, and approval or denial of the application

PUBLIC WATER SUPPLY PERMITS

- Operation Permit 6324504. PWSID No. 5020039. **Pennsylvania American Water Company,** 852 Wesley Drive, Mechanicsburg, PA 17055, A**mwell Township, Washington County.** Application received: August 25, 2026. Permit Issued: September 8, 2026. Public Water Supply Operation Permit issued for the operation of the Courson Hill Booster Pump Station.

AIR QUALITY

- PA-63-01011B: **MarkWest Liberty Midstream and Resources, LLC**, 1515 Arapahoe Street, Tower 1, Suite 1600, Denver, CO 80202, **Smith Township, Washington County**. For plan approval extension, with expiration on April 28, 2027, to authorize continued temporary operation of air contamination sources and controls at the **Harmon Creek Gas Plant.** Application received: October 7, 2026. Issued: October 22, 2026.
- 63-00147: **International Paper/Eighty-Four Container Plant**, 10 Wilson Road, Eighty Four, PA 15330, **North Strabane Township, Washington County.** On October 26, 2026, the Department of Environmental Protection issued an amended State-Only Operating Permit for International Paper/Eighty-Four Container Plant, covering its facility in North Strabane Township, Washington County. The administrative amendment incorporated the applicable requirements of Plan Approval PA63-00147A into the Operating Permit. This amendment also incorporated the de minimis increases request and updated the information of permit contact. Application received: October 7, 2026. Deemed administratively complete: October 14, 2026. Issued: October 26, 2026.

Greene County Notices

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

- 300370. **Lawrenceville Acquisition Company, LLC,** 2717 North Highway 89, Suite 200, Pleasant View, UT 84404, **Monongahela Township, Greene County.** An application for a major permit modification to the closure plan for leachate and stormwater management modifications to the H**atfield's Ferry Power Station Coal Combustion By-product (CCB) Landfill.** Application received: October 6, 2026. Deemed administratively complete: October 22, 2026. Comments or questions concerning the application should be directed to RA-EP-EXTUPLSWRO@pa.gov, Southwest Region, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, 412-442-4000. TDD users may contact the Department through the Pennsylvania Hamilton Relay Service, (800) 654-5984. Public comments must be submitted within 60 days of this notice and may recommend revisions to, and approval or denial of the application.

WATER OBSTRUCTIONS AND ENCROACHMENTS

- E3007226-008. **CNX Midstream Operating Company LLC,** 1000 Horizon Vue Drive, Canonsburg, PA 15317, **Morris Township, Greene County**. U.S. Army Corps of Engineers Pittsburgh District. Application received: August 26, 2026. Enlow Fork G7 Longwall Pipeline Exposures in Morris Township, Greene County, ACOE Pittsburgh District (Prosperity; Rogersville, PA Quadrangle N: 39.999326°; W: -80.335859°). CNX Midstream Operating Company LLC operates two natural gas pipelines, the 10 Morris to Ninevah Jumper, the 10 Morris to Ninevah Jumper Upgrade, and one waterline, the 12 NV Jumper Waterline, which cross Core Natural Resources, Inc. (CORE)'s Enlow Fork G7 coal mine panel. The project is located within the Browns Creek—Enlow Fork watershed, designated HQ-WWF under Chapter 93. CNX Midstream Operating Company LLC proposes to expose portions of the two natural gas pipelines and minimally expose portions of the waterline, including portions within Chapter 105—regulated streams and wetlands, resulting in prolonged impacts to aquatic resources. This project will result in 1.23 acres of PA DEP Chapter 105 Water Encroachment and Obstruction Impacts including 0.217 acre of temporary direct impacts to wetlands, 0.022 acre of temporary direct impacts to streams, and 0.991 acre of temporary direct impacts to floodways as a result of the activities associated with

the exposure of the two natural gas pipelines. CNXM must expose portions of its pipelines to mitigate strain resulting from surface subsidence that is expected to occur after underground coal seams have been removed.

AIR QUALITY

- GP5A-30-00880A: **EQT Production Company**, 122 Polecat Hollow Road, Waynesburg, PA 15370, **Whiteley Township, Greene County**. The authorization under General Plan Approval and/or General Operating Permit for New or Modified Unconventional Natural Gas Well Site Operations and Remote Pigging Stations (2700-PMBAQ0267; 6/2018) (‘‘GP-5A’’) has been issued to construct and/or operate the sources at the previously listed facility. Application received: September 17, 2026. Deemed administratively complete: September 18, 2026. Issued: October 22, 2026.

ACTIONS ON COAL AND NONCOAL APPLICATIONS

- Mining Permit No. 30841320. NPDES No. PA0213861. **Dana Mining Company of PA, LLC**, 966 Crafts Run Road, Maidsville, WV 26541, **Dunkard Township, Greene County**. To renew the NPDES permit. Application received: August 12, 2024. Accepted: September 25, 2024. Issued: October 21, 2026.

PERMIT

PUBLIC NOTICE

Pursuant to the Surface Mining Conservation and Reclamation Act, the Bituminous Mine Subsidence and Land Conservation Act, the Pennsylvania Department of Environmental

Protection Rules and Regulations and Clean Streams Law notice hereby is given that The Washington County Coal Company Washington County Mine; has made application to the Pennsylvania Department of Environmental Protection for renewing its existing underground coal mine, coal preparation plant and surface facilities and the related NPDES Permit No. PA0213608. The current Mining Activity Permit No. 63831302 was issued on March 30, 1987 and will expire on March 29, 2027.

The application includes a subsidence control plan for deep mining coal under South Strabane Townships in Washington County. The underground permit area currently consists of 43,783 acres, the subsidence control plan area consists of 273 acres, and surface activity site area consists of 425.81 acres. The portions of the underground permit area within the subsidence control plan boundary are generally situated beginning at the northwest corner of the subsidence control plan at location approximately 420 feet southeast of the Beagle Club Road, to a location approximately 715 feet south of Interstate 70 (Eighty-Four exit), to a location approximately 360 feet southeast of Beagle Club Road and approximately 1230 feet west of PASR 519, to a location approximately 2570 feet west of the intersection of PASR 519 and Rainey Road, to a location approximately 100 feet south of East Simmons Road, to a location approximately 300 feet north of Roberts Road, to a location approximately 420 feet southeast of the Beagle Club Road and the place of beginning. The approved subsidence control plan can be found on the Washington East U.S. Geological Survey 7 minute topographic maps. The boundaries of the underground mining permit and the approved subsidence control plan can be found on the maps in the permit renewal application.

The receiving streams of the existing NPDES discharge points are: Center Branch of Pigeon Creek, South Branch of Pigeon Creek, Little Chartiers Creek, various unnamed tributaries to Little Chartiers Creek, unnamed tributaries to Redd Run, and Redd Run. The location of each NPDES discharge point is listed and can be found on the Module 6.1 map in the permit renewal application.

Application

PUBLIC NOTICE

Texas Eastern Transmission, LP (7701 France Avenue South, Edna, MN 55435) intends to submit a National Pollutant Discharge Elimination System (NPDES) Application for an Individual Permit to discharge hydrostatic test water associated with a new pipeline (industrial wastewater) from the Longwall Mining Panel M2 and M3 Project in Greene County, Pennsylvania. Outfalls 001 and 003, located in Center Township, are proposed to discharge to uplands upslope of Jacobs Run. Outfall 004, located in Franklin Township, is proposed to discharge to uplands upslope of a stormwater grate that directs stormwater to Browns Creek. After all testing, the water will be discharged into an appropriately sized dewatering structure for flow management in vegetated uplands. Test water will be reused after each line is tested before a single continuous discharge

occurs at each outfall. For questions, please contact Brad Wynnemer with Texas Eastern Transmission, LP at (612) 417-4578 or via email at brad.wynnemer@enbridge.com .
